## Memorial Service:

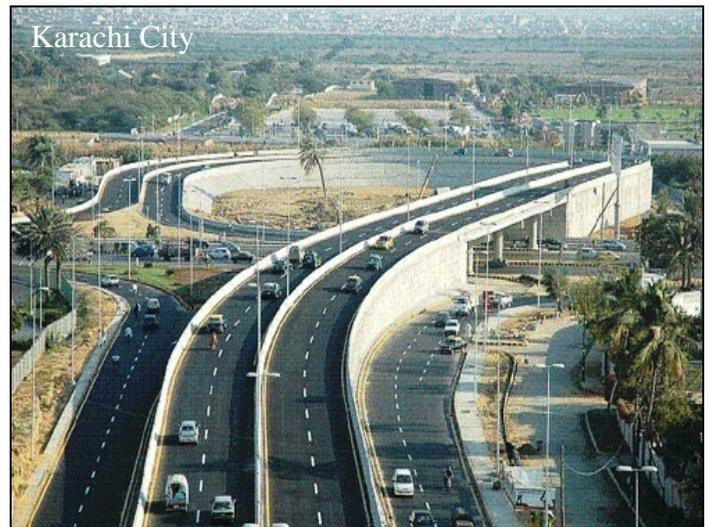

Brother Albert James a deacon of our church arranged big service on the memorial of his friend and he invited me for preaching on 22<sup>nd</sup> July 2012 there were more than 500 people get to gather and most of them were denominational people. I took text from Joshua 1:1-2 and told about leadership of Moses I shared many quotes of Prophet William Branham from the book “Why It Had To Be Shepherds”. Brother Branham said:

Brother Albert James

No man has a right to enter the Sacred Desk to preach the Word until he has done as Moses did, met God himself, upon grounds where there's no Theologian can explain it away.

Brother Branham further said in another book “If God sends you; He'll take care of you. If He hasn't sends you, then let the denomination take care of you then, but if God sends you, He'll take care of you.

I told them God sent His prophet of this age with the message of the hour, wonders and signs. Then I told them I don't have denominational message but I have the message of hour for you from the prophet of this age, please listen this message carefully because you can't save yourself without the revelation this message of God. Then I told them Brother Branham said in Token, "kick out the television from your home". After one hour message when I have finished the message. Then people came to me for admiration of the message. Some of them gave me love offering and an old man who was 70 years old came to me and told me about message; he said I didn't hear this kind of message in my whole life. I am very happy person because I have heard the message of Prophet in my life he further said I have received my life's satisfaction today by the message of the hour, I have received my rest today. I am very happy today in my heart that I never had in my whole life, today is my special day in my life. We praise, thank and glorify God for this great revival of message in our country please keeps us and our ministry in your prayers.
