

Third Exodus Assembly

Things  
That Are  
To Be Pt.2

Pastor Vinworth A. Dayal  
4<sup>TH</sup> January 2009

**Things That Are To Be Pt.2**  
**Sunday, 4<sup>th</sup> January, 2009.**

Service handed over to Bro. Vin Dayal and he sings,  
... *You've taken away my shame.*  
(You've given me a part of Your Name)  
*You've given me a part of Your Name*  
*Set Your Holy seal upon me*  
(Oh! I'm thankful for Your Grace)  
*I'm thankful for Your Grace*  
*You've made me a winner in life's race*  
*And, I give myself to You unreservedly*

*I want to go*  
*Where You want me to*  
*Send me, Lord.*  
*To do the things You do, my Lord.*  
*I want to go...*  
*And, I want to feel*  
(Oh! You're presence near)  
*You're presence near*  
*Perfect love*  
*Casting out all fears, my Lord.*  
*I want to feel.*

(Oh! I'm casting my reasoning down)  
*Casting my reasoning down*  
*Listening for that certain sound*  
*That still small voice deep in my soul*  
(To lead me where I should go)  
*Lead me where I should go*  
*Perfect will to daily know*

*That until You my works will be fulfilled.*

*I want to go*

*Where You want me to*

*Send me, Lord*

*To do the things You do, my Lord*

*I want to go*

*And, I want to feel Your presence near*

*Perfect love Casting out all fears*

*My Lord, I want to feel.*

*(Oh! Let Your anointing flow)*

*(Let it flow into every heart today)*

*Let Your anointing flow*

*Keeping my light aglow*

*(Amidst this world)*

*Amidst this darkness, sin and shame*

*Keep pouring Your latter rain,*

*(Faith to use...)*

*Faith to use Your power again*

*That I may return to You from whence I came.*

*(Oh! I want to go)*

*I want to go to that place prepared for me*

*Oh, that mansion, my theophany,*

*My Lord, I want to go,*

*(I want to go)*

*(Oh! And I want to feel)*

*And, I want to feel greater realities*

*Perfect love throughout eternity*

*My Lord, I want to feel*

(Oh, let's sing again. I want to go to that place prepared for me)

*I want to go to that place prepared for me*

(Oh, that mansion)

*My theophany*

*My Lord, I want to feel*

(Oh! confess it! I want to go!)

(I see the dawning of a new day. I see the light breaking)

(And, I want to feel)

*And, I want to feel*

(Oh move Your soul up into that place)

*...greater realities*

*Perfect Love*

*Throughout eternity*

*My Lord, I want to feel*

(Oh, my Lord)

*I want to feel*

(Lord Jesus, I want to feel)

*My Lord, I want to feel*

*Oh, My Lord I want to feel*

*My Lord, I want to feel*

Hallelujah! Oh, blessed be His wonderful name! You know when you think, if you look back at hymns that were written for the last 2000 years; you'll hardly find one hymn expressing that earnest desire to be clothed upon in the way that this song expresses it because a song like this can only be written after one has gone beyond the curtain of time; after one has come back, after the Seven Seals have been opened, after the mystery has been made plain. Hallelujah!

That brings a reality. Then, when we know that we are living in the hour of the rapture; that the Lord Himself hath descended from Heaven and we have heard messages like The Rapture, Things that

are to be, Leadership, that is leading us out of this world. Like Moses was lead and 1,400 years after he was still found following his leader alive in another world. Only that kind of realization can make a people sing words like this. You see when the write says, "I've got a mansion over the hilltop." You know that he isn't talking about some little house He built on the other side because that was the kind of thoughts that the reformers had because the veil was not yet lifted.

The witness like Joshua had not gone over and come back with the evidence to display it to a generation that was going in. Hallelujah! Oh my! Let's just sing again,

(I'm casting my reasoning down)

(Listening for that certain song)

(Hallelujah!)

(That still small voice deep in my soul)

(To lead me where I should go)

(Perfect will to daily know)

(That unto You my works will be fulfill)

If you have the hope of the rapture; the Holy Spirit He says has come down to quicken and make alive the elect of God, the elected genes of God; that is foreordained of God to go in the rapture and the rapture is a revelation only for the Father's spiritual genes.

If we have some of the Father's spiritual genes here who have been quickened and made alive and who know that they are walking like Enoch, like Elijah coming down to this place. Then, I believe when you sing, I want to go.

You can imagine Elijah coming out of the Jordan singing, "I want to go." Amen! Because he knows that he was going. He knew the angels were coming. He saw that Jezebel system. He saw the persecution that is about to set in. He saw that age descended into demonology; that rejected the evening sacrifice that was vindicated when the prophet repaired that altar.

He knew that it was time to go. Do you believe that it is time to go? Do you know that is the age? It's going to happen in this age. A little group will slip away from time into eternity. Right now, inside of them there is something quickened. Hallelujah! There is a link established and there is a little group that is led by the Spirit of God; dove leading eagle. The world doesn't understand it and even church members don't understand it, but, that doesn't take it away because they are walking in the Word.

Hallelujah! They are walking in the Word! Hallelujah! That's why the one shall be taken and the other remains. Hallelujah! Two shall be in the field; two shall be in the bed. Glory Be To God!

(Oh! I'm casting my reasoning down)

The Bible says that Enoch had faith; this faith before he was translated. You know why? He saw the pyramid by revelation did he build it and when he was building it, he aligned it to the Pleiades and Orion. He knew that it was going to be connected to seven stars which was the centre of the universe and then Alcyone—that seventh one was the centre of that centre. Hallelujah! He knew that and he knew that that was the seed of immortality.

Einstein discovered such a place and he knew that you can create worlds there, but, he didn't have the spiritual application, but, in the woods, one day, a man didn't know that he had to create worlds, but, he created squirrels. If God said worlds; worlds would have come, but God said squirrels! Hallelujah! Do you know why? That man was lined up with the Word. He knew down through the seven church ages he was the last one standing with the Word; the light from under that seventh seal. He had gone into a place.

Think about it friends. When he walked that day in the woods in Colorado. He said everything came back young. I saw myself come back young in every aspect. I was walking where no man walked. He said even inside there all the animals, the deer etc came right back to him. A man that God was showing him where he had

come back. The same God that walked in the cool of the evening had come back.

We used to follow a man in the world when we started to search and we wanted to know; and, we felt that man had words to take us above the block and the people on the block. And that little first elevation, make you start to think on a higher level. It started to make us look and search, but then one day, we found a man to whom seven angels had come. Who had opened up the Bible; a man who had gone into that world and came back, a man whose life was fore-ordained since God in the Garden of Eden. He said the woman's seed is going to bruise the serpent's head. I'm not just talking about natural Eve given that promise. I'm talking about Spiritual Eve who was given the promise. In the last days, that seed came forth.

Let's just sing this little song again.

(I'm casting my reasoning down)

If you can come up into a place; you can hear from a certain place. If you stay in Trinidad; you'll hear from Trinidad. If you stay in Abel Country, you'll hear from Abel Country. Tune in your receiving set where you want to hear from. You can begin to hear a voice, a still small voice that knows who you are; that knows what God has made you in Christ; that knows where you came from; that knows right now, what you need right now today. That's the voice of the Holy Spirit that promised to be here with us so we will hear from heaven; we'll keep walking in this heavenly light. That angel of God who took the prophet off the scene stayed among us. The Great Jehovah leading His church in this third exodus.

*I'm casting my reasoning down*

*I'm casting my reasoning down*

*Listening for that certain sound*

*Go beyond the words now*

*That still small voice deep within my soul*

That you know what you're singing about and you're faith is released in it. So, it becomes you're prayer

*Lead me where I should go*

*Perfect will*

*Perfect will to daily know*

*That unto You, Lord*

*My works will be fulfilled*

*I want to go*

*Where You want me to*

*Send me, Lord*

(That's the prisoner)

*To do the things You do, My Lord*

*I want to go*

(Every fiber of my being cries out. I want to go, Lord)

*And, I want to feel*

*Your presence near*

*Perfect love*

*Casting out all fears, my Lord*

*I want to feel*

(Let Your anointing flow)

*Let Your anointing flow*

(That's what makes the difference, the Anointing)

*Keeping my light aglow*

(Amidst the world)

*Amidst this world of darkness sin and shame*

(Oh! That promise in this hour. Keep pouring Your latter rain)

*Keep pouring Your latter rain*

(Faith to use)

*Faith to use Your power again*

*That I may return to You from whence I came*

*I want to go  
To that place prepared for me  
(Oh! To that mansion)  
Oh! That mansion  
My theophany, my Lord  
I want to go  
(And, I want to feel)  
And, I want to feel greater realities  
Perfect love  
Throughout eternity, my Lord  
I want to feel*

This feel is not the feel of your five senses: see, taste, hear and feel. That's not that feel. That's that super sense that is in contact with the unseen. That is linked to the theophany by the Holy Spirit. Glory be to God! Let's bow our hearts around the building and all throughout the region. Every heart centered upon Him; the great King Theophany Jesus. The Head of this race of theophanies; Melchizedec, the order of Melchizedec; An order of eternal beings, the world, the perfection, the immortal ones.

Gracious Father, with bowed hearts in your presence today. We realized the hour that we are living in because You have made these things so clear to us. Identifying even the time and the season, pointing out the modern events, dear God. things made clear by vindicated prophecy because You did a work for us showing Heavenly signs, Father.

You wanted us to be sensitized. You wanted us, dear God to become so much more focused, so much more convinced, and surrendered to Your revealed Word. So that we can see clearly, Jesus and His programme that's why You opened the Seven Seals. You opened the Rock beneath the Rock and then thunders opened their voices and Light began to shine upon that which Light have not shined upon before. This great Seventh Seal; this secret, this -

that which we have to walk by faith continually. Being led just as You would lead us. Just as You led your prophet to go back in the blizzard. Just as You led him down in Memphis that day- keep walking, keep walking.

Where that same harmony existed between the Father and the Son could now exist between the Bridegroom and the Bride. Where we can be in such union with You, like You told Paul that time, “Don’t go to Asia, go to Macedonia!” And, You made Phillip leave the revival and down to Gaza, and You, Your own self looked steadfastly towards Jerusalem. And, when You came You were so sensitized and when that woman came and anointed You and You knew exactly the junction in the sheet music.

Even this day with Your prophet, O God when You broke that wall when something struck him and he says, “There is something about that in my book.” You had shown him that vision years before and when that time comes You must go westward. So, dear God, as we have followed You down through these years; we still remember, Lord, that night in Santa Cruz when You came and stood at my side. Lord, that morning when You spoke and You said, “Go back to Cocoyea Village! This is what You came here for. Now go back and testify!”

That day, dear God in the cane field when You came and uncovered that sinister, evil thing that was among the people on Coffee Street; deceiving them dear God and You began to uncover it. You who have led us down through these years. You who knew, dear God the Word that many couldn’t understand and where it was coming from was going across the face of the earth. You said that back there to even testify of it, Lord. How many laughed and ridiculed and called it a novice and just criticized it, Lord and made it out to be some man’s foolish inhibitions, but, Lord thirty-five years, looking back with hind sight, You revealed Yourself in such a way, Father.

And, You gave faith to break the sound barrier of the critics and You gave grace to walk in humility and simplicity; not fighting, O God, but, even being kicked and spat upon as it were, as Lord, so many attempts have been made to kill the influence of it. Yet, O God, You watched over it, Father, that even this morning we could be standing here, this promise grows so much more real in our hearts. And, to see dear God, how You have worked in such a Divine way beyond what we can even think, Father.

To You, we give You the praise, the honor and the glory because these things certainly Father have shown us that the One who was speaking, the One who was revealing His Word being a Lamp unto our feet and a Light unto our pathway. The One dear God, preserved us even when we were in our own foolishness could have caused it, dear God, to go into ruin, but, because it's not Him that willeth, but Him that runneth.

Just like father Abraham, just like Moses, so many times man trying to bring to pass the Word of God, but yet O God, the failures, the mistakes were just for You to reveal Yourself so much more, and to show it was by Your election. It was not of our works, but it was by You who called. How these things, O God brought us into deeper depths of humility and to give us greater faith and to encourage us dear God. That today, dear God we can stand and believe because the Word You have spoken; heaven and earth will pass away, but that Word cannot fail. We think of Your prophet so many times when he says You told him, "Go and raise George Washington in the grave yard because You would invite the world to see it because You know that it cannot fail."

You trained him. You brought his faith to such a place that even though you told him to go back in the blizzard; it seemed like death. There was something inside of him against his own better judgment to obey that voice.

Lord Jesus, we know that the time is at hand, Father. And, so Lord as we have come down to that hour; we want to be so much

more sensitive to where dear God, we can hear You breathe, the faintest touch. Lord, like when You brushed the prophet's coat. He said Brother Bosworth felt it and he began to cry. Tears came to His eyes when You passed through them. They lived and they walked in such a place; like something that faint. Yet, O God, they knew, Father, You were right there on the scene.

O Gracious God, You who know all things and You who know all Your children and You who have designed them and equipped them and You who fore-ordained them unto this and You who put the bedding ground and send the seed of promise to fall into that bedding ground. And, even this very hour when no circumstances is being considered by them as holy faith and holy works begin to move within and through them because something is real on the inside. They know Father; they are the interpretation for this Word in this hour. You have convinced them of this. You have rubbed the make belief out. You have lifted them up into something real. You have brought them into an understanding of their position, and You caused them to rely upon what You have made them in Christ, and You have taught them, Father these things. That they'll know their strength is when they can surrender to You. It's when they can yield and submit to You.

So, I pray today that You'd speak to us in places where it goes beyond the human mind. In place, dear God where we can be drawn closer to You into this great supernatural presence. Lord, like You'd shown in that picture there in San Salvador in 1985. That which was hidden on the inside came out and enshrouded us and You caused the eye of the camera to see it; that hidden secret, that hidden power that is veiled on the inside, Father, behind the skin, that glory that abides above the mercy seat of our hearts.

Gracious God speak today from Your Excellent Glory. Let Your Word shine back to give us the Light of the knowledge of the glory of God in the face of Jesus Christ. That the real value of these services allotted in this time that is running out so quickly,

we would be able to grasp what You have designed and intended for us to receive that our preparations would be fulfilled, Father.

This message that have come for preparation; this message that teaches us what to prepare for, what preparations need to be made. You said the earthly house of this tabernacle is fixing to be dissolved and we are preparing to enter into the heavenly. Make us conscious of this preparation, Lord. Let it not just be a Word that we have not meditated upon, but let it be like something like Mary that we have pondered in the heart, "What does it mean to prepare to enter into the heavenly?"

But, Lord we can find the places and the way that You are doing these things and know that we are considered in this great thing that is happening in this very hour. That it would even anoint our faith in a greater way. May You grant it Father. These things can only come from You dear God. But, as You give us grace to perceive and to ask for it. Now take our hearts and minds and move it into that channel where You can impart it to us that eternal things would be embedded into our hearts during the course of this service.

Did we not come from our homes to hear from You, Lord? Isn't that not the reason we are gathered here today? Not to see one another and Your prophet said, but to hear from You. It is not wrong to say, "Speak Lord! Thy servant heareth."

For it's so many times You have told us, "Who has an ear to hear what the Spirit is saying to the church." We know that's not our natural ear and our natural hearing; move us into that place where we can hear that still small voice deep into our souls giving us those supernatural instructions. Grant it, Lord we ask it.

Heal the sick, strengthen Your children, make Yourself known even in a greater way to us. Whatever needs that Your children have; You know what we have need of even before we ask. You said if we *seek for the kingdom of God and its righteousness; all*

*other things shall be added.* We are convinced and are persuaded; You are interested in meeting every need.

So Lord, we say thank You today, Father. For You will take care of these things as we humble ourselves under Your mighty hand; You would order our steps in Your Word so that we can derive the benefits for You bringing us here today in the name of Jesus Christ. Even the strangers and the visitors, may they become saved, Father? May Your grace reach out to them in Jesus' name we pray and we ask these mercies. Amen.

Praise His wonderful name. God Bless You! We are happy once again to be gathered out for service. God gave us a nice day and we want to make use of it. I'd like to invite Your attention over in the Book of 1<sup>st</sup>. Corinthians 15. This is known as the great chapter that teaches us of the Resurrection and these things can only be written and spoken by one who had been beyond the curtain of time. And, 2<sup>nd</sup>. Corinthians 12 tells us of that experience; how he went into that place and saw things that are not lawful to speak. God giving grace to write these things that man's wisdom couldn't teach and leave it here. It couldn't be understood all through these years, but in this last day there's coming another one like Paul who met the Pillar of Fire. These things which eyes have not seen, ears have not heard neither entered into the hearts of men or things which God has prepared for us is being made known in this hour.

1<sup>st</sup>. Corinthians 15:49

*And as we who had borne the image of the earthly, we shall also bear the image of the heavenly.*

He is writing this to people who are hearing words. But, he is speaking about something he saw in that land. He saw the order of Melchizedek . He saw people in a land where they were in a body that couldn't sin; a body that didn't come by sex. He was there and he looked back at his own body on the bed where he was. And, he

said, “I don’t know whether I was in the body or out of the body...” Just like the prophet’s experience.

Now this is I say, brethren, that flesh and blood (The man on the bed cannot enter this place) cannot inherit the kingdom of God; neither doth corruption inherit incorruption. (That’s why it was sealed up from Adam. He went to take and God said No. Lest man take and remain trapped in a pest house).

*Behold, I show you a mystery; we shall not all sleep This is a mystery he is showing to them. It was not revealed before.*

Behold I show you a mystery; we shall not all sleep, but we shall all be changed,

Though they have seen Jesus in the resurrection, they didn’t understand fully what that was. But, God took one after the Holy Ghost came. And, God took him there and he began by the Word to reveal what Jesus displayed in the resurrection; it’s something that we are going to come to. You find that he was the one teaching it.

*In a moment, in the twinkling of an eye, at the last trump,*

He even tells the time. He saw these things so clear that he could even tell the time. Because remember when he is saying this, they were now in the feast of Pentecost.

Jesus had come and had the Feast of Passover, the unleavened bread and the first fruits; and the Holy Ghost came and they were in the feast of Pentecost. And that last trump; six trumpets have to run out and the shout and the voice have to take place, and he is saying when it’s going to happen.

For him to say these things he has to see it and know those Seven Feasts and he’s the one who is saying,” Christ our Passover, Christ our first fruits, Christ our unleavened bread.” Christ our first fruits is Christ at His coming. You see they don’t teach these things because he went there.

...In a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed.

Stephen had done gone already. Can you imagine when he went there and saw Stephen? He held the clothes while they stoned Stephen. Then went there and Stephen was there. Just like the prophet, he went there and saw his wife there. He saw his daughter there and he saw Alice there. That's right!

He said I was in Cucho funeral home and stood up there and looked at Alice, I was off the field. I was in the field when she died. I saw her laying the casket, but when I went there I saw her; she came running to.

...the dead in Christ shall be raised incorruptible, and we shall be changed.

*For this corruptible must (this corruptible that we're in) must put on incorruption, and this mortal (that we are standing here in this body this morning) must put on immortality (so when this corruption shall have put on incorruption) and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory.*

*O death, where is thy sting? O grave, where is thy victory? The sting of death is sin*

Just like the prophet, he went there he had no more fear for death because he realized death only takes you in the presence of God, you understand? He to was still alive when he was writing this, but he already had the experience of seeing where you go when you die.

The sting of death is sin and the strength of sin is the law.

*But thanks be to God, which giveth us the victory through our Lord Jesus Christ.*

Because the law is what condemns us. The law is what made us sinners before God because we couldn't keep the law. That's why he said the strength of sin is the law, but thank God for Jesus Christ.

Because he took our sin so we can become His righteousness by a new and living way through His blood we stand back in the presence of God in the Holiest, that Eternal in the Holy of Holies. It brought us right back there again).

*Therefore, my beloved brethren, be ye steadfast,*

We were here Old Years Night now this is our first service here.

*...be ye steadfast, unmovable, always abounding  
in the work of the Lord, forasmuch as ye know that  
your labor is not in vain in the Lord.*

Father once again we pray. Let Your Holy Spirit take the bread of life and break it and make Yourself known in the breaking of the bread and minister to our souls, not our minds, not our bodies, not our physical hearing, but may dear God, you speak to the inner man and may the Holy Spirit give grace to the inner man can understand, Father. In the name of Jesus Christ we ask it. Amen!

God Bless You! You may have your seat, I thought that I would just stay because I realized that I started December 28<sup>th</sup> on the first little message called **Feeling the Strange Call**, come back Ole years Night and I took the little title **Things That Are to Be** and so, I thought I'd just keep it as things that are to be and we'll just go because I can already see that I'm going to be here for quite some time.

But what a good place; I was even thinking that somewhere along the line where you can find the right place to pause and maybe we can study, **Who is this Melchizedec**, and **Things that are to Be** during this time as well. Because these are mysteries that came from under that Fifth Seal that reveal to us. The first four Seals were revealing things on earth in these three dimensions;

religious deception and war and bloodshed and the economics and pestilence and death in these first four Seals.

But, then in the Fifth Seal, the scene change and we see a land where he said, “John saw his people.” He said, but, “I saw my people.” And on the Fifth Seal he puts in the experience beyond the curtain of time because the scene changes from a place where had war and deception to a place where there is no war and deception.

It changes to a place where he saw his people restored to their youth and can never be old again and they were looking forward to coming and picking up their bodies. And, many of us are looking forward to going to heaven. We are looking forward to make it. We want to be there.

We are striving with everything to come into the place and possess this victory and know that we have the evidence that we shall be changed in the last trump. We have the earnest of our change. We have the down payment that this body will be changed and put on immortality.

If you have that down payment, you will have that earnest. It means to say that you are living a life in the Second court or in the First court. But, there is a life beyond cosmic light and olive oil light. There is a light that goes past the veil. And, inside of there, the manna is fresh; it doesn't rot. Inside of there is inside life in the inner veil where the Word stays fresh because you are in fellowship with God.

You are not in the humanistic realm. You are in the realm of revelation and vision. You are in the realm of certain victory. You are in the realm where you don't walk by sight, but, you walk by faith.

What a place! By faith, Enoch walked with God, a man walking by faith. A man who was born by sex; he was 65 years old then he had a son named Methuselah, then he said “...and he

*walked with God.*” And, Methuselah means when he is dead, the flood shall be sent.

And this man means that when he is dead the flood shall be sent because he knew that son was a sign to him. And, this man knew that he was going to go before the wrath strikes the earth. *And, he walked with God and was not.* He was the seventh from the first Adam; a type of a people who was the seventh from the second Adam who will go up before the wrath of God strikes this earth. Between amateur tribulation and great tribulation are a people there is a people that is being sealed away because the man clothed in linen with the ink horn was commissioned to go and seek out a specific people and seal them in their forehead.

The Holy Ghost comes to hunt out the elect. He knows that they are there. He’s sent not to all the city; he’s sent to find those first! That’s the plan. And, when that man says, “And it was done as thou hast commanded.” I’m quoting Ezekiel 9. You know that!

Ezekiel 10 says now go into the sanctuary and take the coals of fire and put it in the censor and throw it on the city because the wrath can come because the elect is sealed away already. In Genesis 18 God says, “I am come down. To see when the cry of Sodom has come up.” The world here is filled with cry. You know that?

Every day! Think of how much communication networks it have. And every time you speak; there is another murder and there’s another war and everyday you read the newspapers they are counting the number of dead for the year and how many dead that motor vehicles killed for the year. And, it’s in the news over and over.

Once it speaks, it goes into the ether waves and it’s there for all eternity. It goes into eternity. Only God could remove that. If you was to accumulate from the time they started to broadcast these things until this present time. You know how loud a sound that going to be?

The prophet even tells us that even Jesus, the things that Jesus spake on the earth science can still pick up those things. That's why they have this SETI program S-E-T-I (Search for Extra-Terrestrial Intelligence). And, because they know that the age we live in; science has discovered certain mysteries.

We come into the age of wireless communication; we can beam things out. Television shows that. The television is plugged into a power outlet into your house, but it's something designed to pick up things transmitted. The television is not manufacturing the picture; it's just picking up the thing that's transmitted.

And, there is no distance because you can sit down here and see something in the furthest part of the world. Maybe Australia, maybe up in the Arctic Circle, up there in Greenland or Iceland somewhere they can pick it up the same thing- instantly because the whole thing is around the world. You want the internet? The internet is around the whole world. They give a little device that you plug into your computer and you have the internet wherever you are.

Regardless of what country is that where you are, it's around the whole world; it's ether waves. And, so they know that we are coming to this kind of age and if they beam these things out; this if somebody is in a distance planet somewhere they could pick up that signal and if they are of the level of science that we are on the earth they can break down that.

We have a little radio that can break down that and a little television which a man in his human mind come together and invent that understanding those laws. So, if you have a next being with that measure of intelligence and man today; his intelligence is like a little peanut, a little bird brain that God calls his wisdom foolishness because all the things he invents only brings death. You understand?

I want to speak some things to you this morning that; I have to get your heart and mind in a place far, far beyond church. You

come to church. You fellowship at Exodus Assembly. Far beyond that! But, a place where you already have the consciousness that this is not you. And, you already have the consciousness eternal life is a part of God. And, you already have the consciousness that you are not just the product of your mother and father.

Your body might be the product of your mother and father. Your father's sperm and your mother's egg caused that body to be formed in your mother's womb for nine months. But, that was just muscles inside of there. When that come forth, God knew that you are going to be a triune being. God had a part of you that he had to bring to that body; and that part of you were connected to a next part, if you are in the election, in a next dimension also.

And, He knows that before you leave this world, He is going to bring those three together. Because in the thoughts of God, all the elect of God is linked to a theophany; in the thoughts of God.

In other words, God didn't make you a spirit here floating around the world without a body. And say, "My goodness, you know, I ain't make no body for this one." No, no, no, no! I want to show you that when God saw us back in eternity, when there was not a star, not a molecule, not an atom, nothing! When God was by Himself. The prophet said I hope that you can think in that way. There was a time where He was the self-existing One. It had nothing because nothing was created.

And, He is the fountain of all wisdom, and if He started to create something; it has a purpose and a reason why he brought that into existence. It has some relevance to His plan because God is a man with a plan. God is not a man without a plan; just doing something today then... No! God is a man with a plan.

From the time, God go to speak the first word, everything that will ever be done was already planned and settled and God knows what He is going to do because He never adds to His knowledge. He never learn no new thing. He never improves on His knowledge and learning while He is coming along. He knew the beginning

from the end before it even started. And, it can't be improved upon. That's what it tells us in Ephesians. He knows all things and He has all power. He created all things for His own good pleasure and He make all things to work after the counsel of His own will. It means that He knows all things and He has power to bring to pass what He planned. It is settled in His determinate council and fore-knowledge. It is settled! God is not guessing this morning. If you are a Christian, you was part of the plan of God and He knew you back there. You don't think, "Well I don't know God, so God doesn't know me." No, no, no, no! He knows all about you!

One of the great things in the message was; he'll say, "Lady, you were just praying that a minute ago." You were saying, "Lord, have that man call me."

He is standing there and he is looking back and saying, "Lady, I am seeing you getting younger before me. Yes! Twenty-five years ago, you had an accident and you fell this way in a motor car."

This man had access to the records of her life before him on the platform. Her doctor in the doctor's office might say, "Yes! You are my patient. I am doctoring you." Pull open his file cabinet. Pull out her file. And, say, "Yes on such and such a day when you came I took my first x-ray of you when you had the accident." The police would have the other records of the accident and what happened and different things.

But when he stood there, he had the police's records, he had the doctor's records, he had God's records, and he had her past, present and future standing right there.

Now we see that, but, we never analyze these things. We just see that and say, "Ooh! That's powerful!" And, we say, "Aye, Jesus discern people and the prophet discern people." And, we leave it right there. Why does God keep those records? How are these things accessible? What kind of filing system this thing is? You understand?

All this have had to do with is faith and healing. And that healing is building the faith for something purchased 2,000 years ago. And, he will turn around and say, “You were just healed, sister.” He said, “Who did you touch? You touched the High Priest.” And, he quotes back to a scripture and he says, “I cannot heal. I have never healed anybody. I will never heal anybody.” He says, “Your faith claimed what He already purchased on Calvary.”

So, it’s no longer a present tense thing. That tells us the thing 2,000 years ago what we read out of the Bible- works! And, it’s still here and he is attributing; she just got healed and she would go back by the doctor and the doctor would confirm that she is well. And he says, “I don’t know where your tumor went, lady. As far as I can see, you were not operated on because no scar marks or nothing. But, he is saying that had to do with something Jesus did on the cross.

So this woman living 2,000 years after Jesus died on the cross, but the thing still applied to her. And, she coming and meeting not knowing these things because she might be a Presbyterian who knows. Her religion ain’t prepare her for this kind of ministry because no denomination could teach how to relate to this. This man Himself is the one who is going to teach and tell us when he’d come that Jesus’ ministry is based on vision. Now we started to understand what we are dealing with.

Then we began to know how this man knows what’s going on in the next world. And, he said, “You might see me on the platform here, but, when I was talking with the woman a little while ago, I was back there when the car had the crash.”

Science calls that ‘time travel.’ Now when the scientist checked the woman really healed they can’t explained how the woman got healed. That’s a miracle. So, they had to now accept miracles because their instruments had to declare she is well.

This same man; when the doctors strapped him up to all those machines. He said wait, “We examined thousands of people, but

we never met a man like you. You can dream while you are wide awake.” He said, “Because you see these two lines here, one is your sub-conscious and the other is your conscious. In everybody else, it’s like this, but, in yours, it’s like this.

He turn around and tell the man, “You’ve ever read about the Old Testament seers? How Saul walked up to Samuel. And, Samuel said, “By the way, your father’s asses you have been looking for four the last three days that you can’t find when you go. While you go down this road, you will meet a company of prophets. One will have a tablet, one will have this, one will have a flute, and one will have a harp. They will be singing *this* song; one man will have five loaves of bread afterwards and he will give you one of the loaves of bread. It will be right by Rachel’s Sepulcher. And, this man is seeing all this and he is saying now that’s what is happening.

So he is showing us now, that system that Samuel used to break in to; this man like Samuel again breaking into this. I’m just talking to you here to you here before I go to where I really want to go. So, I am saying this to try to tell you, I want to take you a little beyond church because is no way to try to preach this to a church group telling them they are going in the rapture. That is like religion, like how we come to church this morning.

In other words, this is for people who when you leave to come to church; does come to church a certain way. You already understand your age. You already understand the part of the scripture being fulfilled. You already understand what is to happen the days after the prophet. You already understand when you see the squeeze and the economic recession what God will be doing with the Bride in that hour. The things he is talking to move her closer to the unseen. You have to be coming to church there because there is where the last two messages sensitize you back to the things that He wants to speak now. But, not trying to get you now to start to walk there.

Remember 1973 in Santa Cruz, **Looking To The Unseen**. That is the message that birthed me. Looking To the Unseen. Down through the years, I preached **Still Looking To The Unseen, Still Following My Guide The Seventh Dove, Still Tied To My Absolute**, because it is something real. This is for a people who does hold these things. This is for people like you say, "I find my church. I find the ministry that I am supposed to be part of in this hour." You have to come all there to be in the rapture.

What was the dream? I am preaching - We haven't changed dimension yet, and, I am preaching to a people who haven't changed dimensions and, we have to get inspected before we go. They couldn't leave the sixth dimension neither to come here. Jesus is going to come first and judge you for what you preach. And, these who there will keep saying, "We are resting on that!" If you had not gone, we won't be here." You have to know that it have a Word that have you here. You ain't here for the sister with curly hair. You ain't here for the brother with light-skinned complexion and a straight nose. You ain't here for that! It have to be a voice have you here. A voice that speaks out of the Bible declaring to you your strange life!

What the angel came down to do in the cave is what the earthly angels (the angels of the churches) are doing. They have a mystery to break the seals off of the book of your life and introduce you to your true self in a way your father, and your mother, and your boss, and your school teacher can't reveal it to you, but the Holy Ghost through the ordained gifts in the body can reveal to you what - how God sees you! To start to set your heart and mind in order to receive from God a rapturing faith.

The educational system put you in a school. You don't end up in your school. And, if you get that transfer from one school to the next, you don't just leave that school and just go to the next. The Ministry of Education has to process you for the new school. Isn't

that right? And, when the time for the examination come to qualify you, is not even your class teacher making it up.

Then, you tell me, if the natural education system, you can't even get under the right teacher and the right school to get the right thing; you tell me how you are going in the rapture because that is just a preparation for a job in the industry or somewhere, and this is for eternal life in a new kingdom. You tell me how it's going to be different.

You see where your understanding in Christianity have to change? You see what does hinder people? Is the concept. Remember your power is not greater than your concept. Your concept does determine how much power you does operate with. You have the wrong concept, you can't come into harmony with the Word.

Denominations have one or two concepts on, "God loves a cheerful giver." They will beat that horse until it dead. They have little concepts on "Jesus died for we and God loves everybody." But, when you really start to come down to the doctrine and the things in the Bible to line up; they realize the concept they have can't go beyond that kind of dressing. All the power they have they want to cast out devils; they don't have power to dress properly. You understand what I am saying?

All those women who are 'Woman of God'; she doesn't have power to put down that tight pants. She doesn't have power to come into submission. She's full of fear, but, she can't come into submission to her husband. She will have to put that scissors in her hair continually. So, then you realize it's false power they have. It's cosmetic power they have because their concept false. So what looking like power but, when it's brought down to the Word, and say ok.

Look at Jesus and his disciples; the ones who was following the Son of Man Elijah revealed. They couldn't cast out the epileptic demon and when they came to Jesus, he said it was

because of your unbelief. Not because you were in the wrong message, not because you are under the right ministry, not because you are not elect, you understand?

So, then you see where we need to be in this hour. And we have a place here for you who are seeking the Holy Spirit; I trust God will help me to speak the Word in a way to help you to have faith to receive it. It will help you to come to a place to be convinced to lay aside things because your faith will become anointed to see what God wants to give you and not fear that you don't make it and fear that you go to hell and then you try to work in a human, fleshly desperation, you know, to escape. Not that! But, you can see No, I want to go and God is giving me understanding on how to approach this or how to deal with this, or start to show me what I need to have or what I need to get rid of that He can give me these things because the thing is God has planned your life.

And, God planned your life in such a way that when He was back there in eternity He saw you glorified. The Bible don't reveal to us a stage beyond glorification, but the Bible reveals a stage beyond justification. The Bible reveals a stage beyond sanctification. The Bible even reveals a stage to us beyond the new birth, but, the Bible doesn't reveal a stage beyond glorification.

Glorification, God purpose is finished with you. You come to what He intended. Those He fore-knew, He predestinated, those He predestinated he called those He called He justified, those He justified he sanctified, those He sanctified He already glorified. You have a body like Jesus, you have the life like Jesus and you in the theophany like Jesus. You have everything like Jesus! You understand?

But, in God thoughts where He saw you glorified; you are not yet even expressed! You are still an attribute in God. You could see so far? Like a father, he has his children inside of him, but you know in today's world because of the Genome project and the

breakthrough in Bio-engineering and Bio-technology and these things and Stem-cell research. The scientists are trying to get into a place where they want to promise people that because they are able to understand certain things about the laws of life and how God made people, that they are promising that one day people will have a body without sickness.

Sicknesses come down from the third and fourth generation. You know that right? So, before you come down to the third generation or the fourth generation, they could even perform an operation to remove that gene that had to do with; let's say the diabetes running in that family or, the polio or some other thing that's running in that family and they will take it out because they are not seeing healing. And, they not seeing what Jesus Christ did on the cross and they are not seeing repentance to come into the things of God. They are trying like Cain, to work in a way through self-will. And, look how far they have reached! Look how far they have reached!

So, God back there He saw you. He saw the age that you were going to come in. He saw the make-up you were going to have because He planned all these things. Because of this life that we are in, and because there is a stage of our life we don't come with the Holy Ghost; because of the fall. We come as a sinner because of the fall. We come dead in sins and trespasses. We come by-passing the Word-image and the Word-body because of the fall. We come born in sin and shaped in iniquity because of the fall. Because of the fall we come by sex and it was not God's plan to bring us by sex. His perfect – His original will, I should say.

But, God planned it, that there was going to be a fall. That is why He gave Adam, even though he was supposed to bring children in the Spoken Word, in the original plan of God. God gave him sex organs and gave Eve sex organs because in this world we have sex organs. But, in the next world where the seven messengers and all the believers are; they have no sex organs

where they are. This what Paul is talking about here, they have no sex organs here. Sex organs are things that are going to leave us when we change. At the last trump, all of that is going. God planned part of our lives like that.

God planned that part of our life; we will not be in theophany. Earth was not meant to be heaven. In the sense of - I'm talking about the testing ground. That's why there is no trials over there. Sin can't enter there. Sickness can't enter there. No body can get a bad feeling there. Nobody lose their temper over there. Nobody ain't feeling irritable or not feeling to do anything over there. Oh! No, no! They don't have that over there.

In that body, the pig like we can be while we are here, we can't be that there. We are far above a pig. The insecurity, the competitiveness that people find themselves trying to outdo this one, trying to look better than this one, all these things is in this world. That's not over there. Over there you have perfect love. Over there you can rejoice, appreciate one another, complement each other, support each other, talk highly of each other, and when we can't do it here; it prove something wrong with our alignment.

You know, let me say this, you know it takes the divine wisdom of God to bring down some things. Because you see we read it in the book, and when we read it in the book we just repeat it, but can't open. So, we know the statements, but when the Holy Spirit starts to open it, you start to realize how everything is said and what is to go further is already in what is said.

It's just that you can't get the next five rockets to come out of it. So, for years you hold on to it and you are just saying, "We bypass the Word and we come here by sex." And, you staying there and you can't go any further than that, but, when that five rockets start to come out; you start to realize how the Holy Spirit can prove and show to us what is happening there. That's right! Because it's already in the Word. But, sometimes the Word isn't opened. It takes the Word opening on something to take you into it.

So if we get correctly aligned here. He said that that love *there* will be *here* before the rapture. Why? Because there is a people growing up here from a babe in Christ; as newborn babes you are born and you are growing up into a stature of a perfect man. And then, you reach the Word image before you go to the Word body.

Well, when you reach the Word Image - you overcome! You become the Word. You understand what I am saying? Your potentials, what you had in potential is now fully expressed! You're mature. You're not green. You're not an infant. When you are a child; you think as a child, you act as a child, but, when I became a man, I put away childish things.

While we were under the law we was under tutors and governors, as servants; but, then at the appointed timed of the Father we are no longer servants, but, sons. While we were children, we are tossed to and fro by winds of doctrine, but, we grow up into Christ who is the head. And, we come into the stature of a perfect man and the stature of the measure and the fullness of Christ.

We come into the knowledge of the Son of God. We grow in this knowledge. We know what pleases the Lord. We know what don't please the Lord. We know what the Lord would have done here, if He was here. Because why - we are Life of His Life, Spirit of His Spirit, Word of His Word. We are Him revealed. *In that day, you will know I in you and you in Me.* We are the matching piece to Him. *Because I live, you shall live also.* Same life! He took part of the Bridegroom to make the Bride. But, until that time we are growing up.

Sometimes, we hurt each other. Sometimes we behave a certain way and part of that growing up you are saying, "I'm sorry! You know, I didn't do that intentionally. I guess I still had something inside of me. I was still insecure that I didn't think of you and because of my insecurity I had to push you because I had to get because if I didn't get or I'd feel like I would of gotten left out."

Well, after a little while, you realize that you can't get left out and even if you get left out; you're choosing to leave out yourself because you know that is pleasing unto God. When God sees that you left out yourself He took care of it because the test was to see if you could leave out yourself. And, pray for one another to see if you have to fight for what you want or if God gave you your allotted portion in life.

Your Father feedeth the birds every day; they neither sow nor gathereth in barns. He feeds them, He clothes the lily of the field; they neither toil nor spin. Why? You are learning to have peace. You are finding godliness with contentment is great gain. You're not letting... "Boy, the recession on, every dog eat dog, every man for himself now, yes!" No, no, no, no, no! You could give up your water and you could give up your cake because that will bring you up to a place where you can have three square meals. You understand? Because when the recession starts, is then God really start testing. That's final testing! That was designed to be part of your final testing before you go. To prove the perfect love is here.

When God thought of you back in eternity, He thought of you as soul. He know you was inside of Him as every man knows like his son is in his loins. His whole family is inside of him. Why? Because God designed a man that he will have seed. God put seed in the male. Why? Because the male is a mystery of God, God's plan, God's thoughts. Then God had a plan that there will be a theophany, but you won't come to your theophany right away.

You will go through the pre-theophany stage of your earthly journey. Whether you live eighty years and die, ninety years and die, you are going to live this life without being in your theophany. You will be in a sex born body. But, the thing is, you was always part of your theophany because in God's thoughts that soul, that theophany and this body was God's thoughts. It's just that He keep one part in one dimension. He keep the other part in this

dimension. He gave you your earthly body here and He kept your theophany body there.

But, I'm coming back to what I started to say in the beginning. Science in this age of communication bring us into an age where we start to understand Wireless Communication. It had a time all that you could see is Wire Communication because they didn't go far enough to see wireless. It had an age where all you can see is you had to step and touch the buttons to put it on. They didn't come to the age of remote control and robotics yet.

When that age come in, they start to show it have one part here does work with that part and that part here does send a message to that part. That part does carry the commands of this part. We coming to the age where we have unmanned spacecraft. They does send that ton mars, they does send that on the moon, they send that different places. They control that from earth and they have satellite in the sky that they in communication with that they have put there for the purposes of those things. They guiding bombs even by all those things. And, they have a command center where they can control that because why - the distance, even though it far apart, they have it linked together. Because when the designer designed it; he thought of it. A command center here, a satellite here, the unmanned spacecraft here, the navigation system here; and all is one unit working together.

You buy something, they give you a remote. You sit down on your couch. You can press the remote and you can change one CD to the next CD to the next CD by just pressing something on your thing. Somehow when you press that, it does talk to a certain part of the CD player and it says, "Turn to number three CD." And, that now does understand that communication because they talking because in the minds of the designer, they link together. They have a language. They have a communication. They have a relationship. They don't say, "Nah, I ain't feeling to do that." They does do it.

They say, “I don’t want this channel, I want a next channel.” And, you press it and you put it on a next channel. It does do it. You see they have these controls in their hand and they could maneuver this little thing flying. The Israelis does do that plenty for spying. You are looking at a bird in the sky going, but, that thing relating so much information and taking photographs and different things and it’s so... you can’t even assume that this thing that look like a bird that fly through the air is actually picking up signals and voices and different things because it design like that, and they design it in a way that a casual glance will not reveal what it really is. Now my point is this, if a man does make four or five things; one up in the sky that you can’t see, he have a control there and a control here, and he controlling it. You seeing him press this and you learn to do it too. You use your phone ‘tak-tak-tak-tak-tak.’ You don’t know where that going. That goes far up to a satellite in the heaven there.

Then that bounces back down in exchange, that it contacts that person. And, that doing that so fast; you don’t know that when you press ‘tik-tik-tik’ it’s doing all that. And then immediately you are hearing the ring; but that going through telephone exchange and all kinds of different things. Then heaven is right here and that dimension which is about 20 feet away; that next part of you is there!

And that part is the perfection that can’t fall. And the reason that one day that you will come to a place where you will not fall no more and you will become the Word too it’s because you have something there that can’t fall that is pulling you to a place! And your stop falling does leave you after a while when you start to learn to line up with that through your adherence and obedience to the Word.

Now, in one realm of your life like you are thinking in your mind, ‘I’m trying hard to do this.’ You’re thinking that you are getting the results because you are trying hard in the mind. And, if

somebody tells you...you ever see people by an elevator and they are pressing four or five times 'tac-tac-tac-tac-tac' because they are hurry for the elevator to come. So they think that that is doing that. They think that is going to bring the elevator quick.

Then somebody says, "Look you damaging the thing, man. They put that there to help you." You think that pressing the phone hard will send the message faster? No! When you start to understand it after a while; you see that this is a system set up and they give you a device and the device now gives you an access so you can communicate to.

Well, so it is... when all the time people trying to do... that's why Seventh Day Adventist and Jehovah Witness and all of them are trying to live the life and they are trying to go out and do something because they are afraid to go to hell, if they don't go out and give those books every day and these things because so their concept is on the plan of God.

But, when you start to understand You were chosen in Christ before the foundation of the world and our names were put on the Lamb's Book of Life before the foundation of the world. And those he foreknew He did predestinate and those He predestinate, them He called.

And, in every age, he put some of His seed in that age and you couldn't come in Luther's age, you couldn't come in Paul's age because the One who planned your life, put you in this age, but He put something in you to recognize your messenger when he comes.

When you hear that voice; *my sheep will hear my voice*; you didn't come with the ear to hear because if you came without the ear to hear then you are going to miss it, because he can't defeat His own purpose. He had to put something in you to hear what He is saying through the messenger.

You hear me preach over the years here through this church so many times. I say, "You waiting for me to backslide?" I say, "You checking me out 25 years and you sit down there checking me out

still?" This is people who never sit to understand the plan. God always have His people who is going to bring His Word. He never without a witness in the world.

And, much more it's a promise, this is the age. Wait until the sons of God start to rise in the last days. Those people are here! And, when the Bride comes to know who she is... How can she come to know who she is? His job in that hour; when He had to tear the Seals out from the Book and start to break the Seals on their life, He will make you know as you are known. And, if, everybody will have a..... "Mama, that's me! That's me there! Everybody will come to that!

Because God's plan is to do that! It's not like an impersonal God who was back there before the foundation of the world. He said, "I want angels. I want cherubims. I want an earth. I want a sun. I want a moon. I want sea. You know, I want to come live in people." And then, when He speak it, He's done. No! No! No! *My Father worketh hither to everyday*. God hasn't forgotten not the smallest of things. It's impossible, not just for God to lie, but forget what He said concerning His bride. It's impossible!

You think God could have forgotten Malachi 4:5? You think when all them seed in the Royal House was being killed; and that woman stepped out there and grabbed Joash and hide him away. That *one* seed! To ensure that the Messiah will come through the lineage of David. When that whole house was about to go into extinction.

You think that woman when she did that; she studying, "Right now from the last calculation I have made I think we are in the last seed here and I better do something because that's the last seed." No! No! No! 'Something' said step out there. She stepped out to risk her own life; not knowing why she's supposed to risk her life. But that there was recorded in the Bible; not just as a story, but to show to us, "Look all the great things. The scepter will not depart from Judah until Shiloh comes." And He told David, "I will make

you a house.” And gave David the covenant, “I will come as your son.” And then now the last seed in the house is about to go into extinction.

When God does something like that, He is saying, “You see how I am watching over my Word?” You see I can let the devil go so far and I will build this house right back. Look up till today; we come in the house of David by marriage. Just like Ruth, just like Bathsheba, just like Tamar, we’ve come in that lineage! Just like Rahab! So you realize that we are at the time and the more I think of this and the hour for the rapture; the time where we are at; they are going to pick us up one of these days.

Who? The brother passing by your house with the car? Is it that he meant? Somebody else have to know where you live besides that brother who’s passing by your house to pick you up with the car.

But, the things is, if a brother born by sex, you can rely upon him and you know that he won’t forget and he knows that Sunday morning is church. And, he is passing there to pick you up to bring you to church because you all made that arrangement and he promised you, “I will be there, I will bring the person, I will come and meet you at such and such time.” And, he does that.

He said if the moon, which is a negative, ain’t has no light of its own, it’s only reflecting the sunlight. Yet, the moon in the dark night could be so bright. He said think of what it’s going to be when the sun itself, who is the source of the light come out.

He said if the law could give you a blessing. And, the law is really an administration of condemnation. What about when *grace* comes, which is the real blessing itself?

If a brother born by sex can do that; how much more the God, the eternal God, the Self-existing God, the all-powerful God; how much more that He can do for you?

God saw us in our glorified condition. Do you believe that? Do you believe a man who going to make a suit or one who is going to

make – sew a dress or something; she watches that pattern in that fashion book, she has all the material, she has the sewing machine, she has the skill. She has done that before so many times so, she even knows the length of time it will take for her to do that. She tells the client come such and such time; the dress will be ready. And, she is seeing the dress finished while the material is there. Just there in scraps and pieces. Isn't that so?

How much more God? He's seeing the church finished. Did God say be a glorious church without spot and without wrinkle? Did He say be a super-race in this last day- a mighty marching army? And, even though it looks like it's in confusion. Look at them the way they was when they were walking with Jesus.

"I won't let a man touch you!" Another one said, "Call down fire and burn them up!" another one saying, "Who will be the greatest one when You leave?" Another one fighting and saying, "I will not believe what you'll saying! I don't care what you'll said you see! I don't believe what you'll seeing."

Yet in a few days after at Pentecost; He had a sin-free church in one mind, one accord and the same God who was in the one man was now inside of them, doing the same things! Was he able to do it? Is that the same God this morning?

Before the foundation of the world, He saw us in glorification. But, He planned how He will bring us from the attribute that was unexpressed in Him all the way until we are glorified.

According to what we read here, this glorification is going to come at the last trump. The dead in Christ shall be raised incorruptible and we who are alive shall be changed. And, this mortal will put on immortality and this corruption will put on incorruption. And, like I was showing you Old Years Night, when we now come to the knowledge; that is why the Mighty Angel came with the open book because that is starting to fulfill that. If He don't open the thunders, there is no rapturing faith.

If He don't open the thunders and break the seven seals; there is no understanding of who we are other than what we have; what our daddy and mummy tell us when we were born, what night we were born and the birth certificate we have and the driver's license and the I.D card that you have and your passport from the immigration Office. That's about your identity or what your school teacher would tell you are 'bright' or if you are sporty, they will tell you that you play good. But as far as the next word, God's Word- something about your soul. Not even the religious people could tell us about our soul. Amen?!

They tell us about religion, burn a candle, say, say - take a rosary and say a prayer to Mary. They tell us to try to roll on the floor and try to speak in tongues. They don't tell us about your soul and what is - where your soul comes from, who you really are and how you come from God. What kind of potential you have inside of you. They can't tell us that!

But God.... we come to a place now where we start to hear a message in this day. God left it for this day where He starts to tell us that there is something about your life that you need to know. And because God did not give anybody for 2000 years that experience, it waited until the last day messenger come. And, then God gave him that experience. And, carried him Beyond the Curtain of Time and he went there into a body and was young again.

He was talking to people who lived in his house, a child that didn't exist at one time, Sharon. That was born out of holy wedlock - Died. He saw a baby on the bed and a baby in the coffin. And, then saw her standing as a young woman there. You know what that kind of experience does do? Not if you dream it, but, if you actually there? You ever think what that would do to a person? You know what kind of faith that would give you in God's Word? You know that would settle ..... put all the imaginations to rest?

Because now you was there and you see exactly how it is? You know it's not an allegory. It's not something dramatized. It's something real. Something described.

Let's read a scripture quickly, 2<sup>nd</sup>. Corinthians 4. And I want to read from verse 15.

The reason many cannot come up into faith and the reason many cannot hold their place is because they have not yet breakthrough into some of these places to know who they really are.

There is a kind of understanding in the Word like I see myself in Esther and I see myself in Ruth, and I see myself in Sarah. I'm not talking about that - because even theologians does teach that. Rebekah type the bride. Pentecostal people does teach that. Reformers teach some of them things. Maybe they haven't gone as deep as we have gone, but the thing is - it boils down to one thing. When that eternal life in you, matches that; because the thing is you can learn that without the eternal life. But, the eternal life there now, it settles it once and for all. You are that! That knowing does be different to knowing about the type.

You know that people teach Jesus was the Lamb of God? And Jesus was the Good Shepherd? And Jesus was the Door. And Jesus was David and Jesus was Isaac? You know that theologians teach that? And all the types about Jesus, and, don't know Jesus and Jesus is not in them. That is what we talking about.

That's why I am saying we have to go beyond the page. We have to go beyond the little box of learning there. Because it come back to things that the Spirit have brought you to know; You are His attribute, the soul in you. They start to come to know this soul as your mother didn't know your body. The mother would pick up that boy and say "*That is my child, you can't take it, is my child!!!*" She know her child ..... she nurse that child from a baby, she know you and you know your mother . But the mother identify with the

body, but your soul that come from God your mother can't teach you about that soul.

God who that soul is part of, have, he Himself have to tell you what He is and He will tell you what you are, because you are offspring of Him, like your body is offspring of your father and mother, that soul is an offspring of God.

So that's why when you come to a situation you know I can handle that, I don't have to be afraid of that. That is not trying to work without faith that is now you know, I know who my father is and I have the evidence that I is offspring of Him, and the same lies in Him inside of me, and this life already overcome that already. You understand what I'm saying?

Listen! 2<sup>nd</sup>. Corinthians 4 verse 15 Paul teaching here a day when you watch some of these things, look how much in the Scripture Paul is teaching of that Unseen World and our life there.

For all things are for your sakes (4:15) that the abundant grace might through the thanksgiving of many redound (or overflow) to the glory of God. For which cause we faint not; but though our outward man perish, yet the inward man is renewed day by day.

Right away - you see the consciousness? - The outward man and the inward man.

This is an inward man.

*For our light affliction, which is but for a moment ...*

Because when you start to understand the inward man who is eternal – 50 years, 80 years that is a little bat your eye. You say, you know how long I living? Long living what! Methuselah lived 969 years; you understand what I'm saying? You could live 900 and something years? Man used to live that.

You say Sister Raggie she is 85 years, put she alongside Adam, and Enoch and them - Methuselah and them .... She like an infant. Right? I sure that will make you feel good. That will make you feel not so old. You only feel old when you are around young, young lil

children. But if you get around those who live 900 years... you not saying 100 years...they live 9?

*For our light affliction is but for a moment,  
worketh for us a far more exceeding and eternal  
weight of glory.*

Here is a man describing suffering as light affliction, but they are not only light affliction alone, he's telling you about it working for you. He brings out the value that suffering have. This is not a person – this is a person who learns to glory in his infirmities. This is a person that God teach bout suffering. This is a person that God tell don't talk to me no more bout that –

*My grace is sufficient for you. When you are  
weak, I am strong.*

Now the reason we does only complaining, complaining, God ain't talking about that. But, if you have eternal life, God does talk to you about that. You cannot have eternal life and complaining about suffering – because eternal life - character is never made without suffering, and character is ... you have to have it to rule. If you suffer with Him you reign with Him. So when God ain't talking to you about teaching the mystery of pain and suffering, you know what going on? You not going on any throne. You ain't getting to reign with Him. You understand what I'm saying?

Suffering and these is for people who have to sit down and judge.... they learn that hear nah – you know you can't just be angry and judge because you angry. When you learn weakness and suffering ...you realize no, no, no, bear with the brother – you could bear with him, he trying, and you help pray him through, and give him some good advice – how to carry the load – you just don't condemn the person ... because why – you walked there too, you suffer in some of them places too .

But until you could... that is why sometimes God had to carry some of us through thing, because we so judgmental, and that is why Jesus say – no “*take the beam out of your eye first before you*

*take the mote out of somebody else eye*". He put the beam in your eye and put the mote in somebody else eye. And he start to show you look - look how you judging this person, but then for you can't see that you doing worse than that. Looking at one type of sin they have but you seeing a next type of sin – equally destructive.

And he says “while we look not at the things which are seen, but at the things which are not seen: for the things that are seen are temporal; but the things which are not seen are eternal.” That is a consciousness. This man went in an Unseen World and saw trees, and saw hills, and saw lakes, and saw rivers, and saw people. The prophet had told them I saw the hills and millions of them was coming – and the trees ..... and it was so pretty, birds and all the different things, Hope was talking about. He is seeing all the beautiful things all the birds, and all these things here. And the dog came, and the horse came, it was all there.

And it has a next world besides this world. It not like that we are on the earth here, and what is not earth is sea, and what is not sea is air, and what is not air, is some planets, some stars up in the sky – no, no. All these are people. Bro. Bosworth and them was there with the people and them in one place – Paul was there with the people in one place – everybody was there – who had a ministry and who had people connected to them was there .

They was gathered to the people – and this going on since back, long before Abraham and them time, but is recorded as pertaining to Abraham and them, and Jacob was gathering his people, and so on, which is showing the principle that when you come in light, even the people you associate with, if you have a word, and that word lightens their paths and leads them and guides them, and you all were connected in life, even though, is - like he had his wives, there, the first one who died and the second one when he remarry and he is going up the ivory staircase – he said they were connected in life – they are children, going for their rewards.

Look how God linked them people in His thoughts, even the things they do in life. That life didn't end in death because the rewards there was for what they live out their life - and they hadn't seek those rewards and blessings yet – and so in that life, the time come, they going to get to places where because the things they sacrifice in this life.

Things that are to be... He is showing us that you continue this same eternal life in another world... life doesn't end in death. Death means that time in the pre-theophany stage is completed. Death takes you out of the pre-theophany stage and you ascend into a higher order, leaving a sex-born body that worms going to eat to go to one that it ain't have no worm there. Neither could it fall – neither could it corrupt, an inheritance reserved in heaven for you - undefiled and incorruptible and fadeth not away.

Remember what I'm talking about. I'm reading this here to show you God in bringing you, He bring that theophany. Something open here to me.... God bring that theophany first. God bring the theophany first. I always say that you know because it show how the earthly body here on earth ... there is something about the soul - I try to see how the theophany could be there before the soul. Something hard to see if you ain't stand up in the right place – Only God can put you in the right place – to see it. And that is the thing I believe that He do.

I remember some years ago, Bro. Ellis and Bro. Elijah know, I was in St. Vincent, and tell myself it was for 30 years I trying to understand this, in St. Vincent, and a priest prayed pre-existence and legitimate destination. And where the Spirit stopped there, yesterday the Spirit come very early, right back there. And I was telling Timmy this, sitting down with me, I said, “Tim”, ah said, “look at you, as a single boy, couple years ago. You want to get married, because there was a call for companionship. “I said because you had seed inside of you, you want to be a father.

But the order is, companionship first, because if you go running, trying to get offspring by seed, and you ain't get legitimate companionship, you would be in fornication. That's what happen to people - you understand? But God way is to give you the wife, and then through the wife the seed can now come into the bedding ground that is yours. God seal up the eggs for your posterity. Then, I say now, the seed find the bedding ground and you want now – you realize - you already stepping into fatherhood.

I said, “Remember when we was in Miami?” You take off and leave me. You tell me go ahead you will catch up with me - because he slip into a maternity store. Me ain't looking for nothing in maternity store. A maternity store – he looking for maternity store. I say now what is happening is that fatherhood starting to relate to the seed that is already in there. And ah say, the next thing, you'll be buying jumper, and you will be buying different things, and the offspring ain't come out the womb yet. But you already preparing for the coming – and you already have the robe here that you will wear when he come, though he ain't coming into manifestation yet. Because that is a shadow of a shadow of a shadow of God. And the mystery to understand that is in your potential because that is how the prophet open this. That is the key to open this.

Now watch. He start to discover that there is a temporal world and an eternal world. The things which are seen are temporal and are not seen are eternal. This have to do with inward man – outward man. This is not a thing that you learn today and forget tomorrow - this is stages of consciousness. You come into a seed of consciousness you know you are the inward man. You come to a stage of consciousness the reason you get fight in this world with the flesh, is because this body come from this creation, and pulling to the Creator. But this Soul come from the Creator and pulling towards the Creator – and the Creator is a next dimension.

He is bringing a consciousness here. This is a people who know there is two worlds. It open to them – it is two worlds. Could you look to go with Jesus in heaven and ain't know it have a next world? Then where you really going when you leave here? And if you traveling to a world you ain't want to know what world you going to? When you go and travel, you buy the ticket, then get on the plane?

You will come to a rude awakening – when the plane arrive, and you land there , and you don't know where to go – who to meet you – how to find your place – you will come to a realization “What I doing here?”. Ah don't know nothing, ah only thought as far as sitting down in the aircraft. When you going – where you going – what is there has come to us here. The angels from there came here and the Word that sealed up there they open that Word here for us. And the one who communicated with us, goes when they went there, with the purpose to tell us how to prepare to get there.

So we know where we going what kind of body we need and what it does take to get in that body – because this body not going there. *“In my Father's house are many mansions, I go to prepare a place for you”*. I start to break down for you in the last two services. Taking out of your mind when he says he goes to prepare a place for you – what it is. Define that. I start to show you the preparing the place for you to get there was a preparation being made in His death. Because there is no way He could come out of the old body if He don't die. How did you get the Holy Ghost? - You identify with His death, and His life come back on you. Not while – not in His living – His death - *“By a new and living way”*.

You enter the Holies.... how you enter? By the Way... Who is the Way? He – that is to say His blood. Who is the Holiest? - That is where God, the Thephany is, that means you're going past cosmic light, and past candlestick light, and you going into Eternal Light. He dwelleth in Light and Immortality.

1<sup>st</sup>. Timothy 6:15 – The Eternal. And then I took for you and the angel I sent will bring you into the place I've prepared for you – and I show you how did they come into that place.? When they reach to enter into that place the Ark had to go in Jordan, and the Ark had to destroy death's power – and in destroying death's power, the Ark in Jordan destroying death's power that is Christ destroying death on the cross – destroying death that took us out of the garden, and a way was open up for them to come into live in the new land – which was the Holy Ghost, where they had an inheritance – reserved for them.

How are we coming in to this day?

Break to us the seals in the back of the Book that we can enter in. How can we come in without seven thunders uttering the voices – six seals didn't make you know who you were. Seventh seal started to reveal to you your strange life. Seven seals, I tell you, you were eternal back there with God. Your name was in the Book – Jesus died for you to make sure that when this message come in the last days, it will get you.

You did not come in the message that night because somebody bring you – no, no. He pre-planned your life ... things that are to be....He said, that night you walked in that little mission in the corner, He pre-planned that very moment - the very sermon you will hear – the very clothes you will be wearing – the very thing God planned it all.

Because there was a time to be born – and He fixed your birth. You see how I remembering mine still? Looking to the Unseen and every time I come go back and line up with my own? Because I know He sent you into the world – that may have gone past beyond Newton and Sylvia.

For years he thought he was the son of Charles and Ella, but he say one day I found out. I reach experience, I found out I was not their son. Charles had a sperm, Ella had an egg – the body, I live in it – I was tied to Charles and Ella – but I come from the thoughts

of God - the expressed attribute – in the time and season to fulfill *Malachi 4:5*, to fulfill *Revelation 10:7* – I come designed to catch the mysteries – my sub-consciousness and my conscious close to keep me in two worlds. I come with a message for a generation.

So your life is sent for a purpose too. You ain't may be call to preach, but for a purpose you are sent for. Because there is no member in the body that is there just for cosmetic. The entire body is joined to the Head by Blood – even your hand – if your glasses fall in fire and you need your glasses, and the Head say “Pick it up quick” , that hand is going to go into the fire and retrieve the glasses, because the Head send the command to get it. Nothing don't just do thing in the body for so – it is the intelligence in the brain - the Head does give the command to all the parts of the body. That is wireless - that's a high form of wireless. That's thoughts!

You see this is where you missing it – I am opening a mystery for you. I'm defining something as He give me Grace to put your soul up in another place – so you don't look at yourself, I live, I get old, I ready to die, I have to plan for my funeral, No, No, No. Plan for the Rapture – Plan for the Change – Understand the hour we in – Understand how God bring you here to hear this message. Because the soul ain't age one day yet . The body – the house might be getting old, but you who is inside is Eternal, as God was Eternal.

I trust – He breaking things for you because He doing it. 2<sup>nd</sup>. Corinthians 5, continue on, “For we know that if our earthly house, if this tabernacle be dissolved, we have a building of God, an house not made with hands, eternal in the heavens”. Let me tell you, when you read that, you have to come to terms with that –is that true or is that false? You have to answer, you don't just read because you illiterate... no. If you have one, and you know this one you have it could get old, this one does lie, this one does get tired, get weary, this one have fear – that one don't have that, cannot

have that. Why? We are coming now to temporal and eternal. This one is mortal that one is immortal. Coming back to wireless.

When God thought of you He thought of you as Theophany, Soul and this Body. The destiny of the theophany is to inhabit this body one day. This body – the destiny of this body – is to put on glorification when the Theophany come to it one day. That is why, in the Sixth Dimension, those in theophany, looking to get a glorified body. Why? Because it show that soul is awakened to that consciousness – and that soul knew of that theophany, especially, believers in this age. When one come through the message before you go there, like Bro. Carl Wilson, Bro. Renson James, Bro. Leon, Br. Willis, all these people, Sis. Joyce, all who pass through, and they have gone there – the ones who overcome. Remember it have many pastors here ain't overcome, eh. Remember it have many sitting with us – don't mean they overcome, you know.

That is why I say, many are not in heaven because they are still sitting among us. It is not your job to put or put out ... put in or put out – but sometimes you does need the wisdom of God to just say the right things in a funeral. You understand? Because as the prophet does always say – well nothing, no more can be said about this person, because their testimony was seen before everybody – what they live. That's why, you don't want to live here in the Assembly, and your light under a bushel. That's why you don't associate yourself with hybrid – that's not a Christian life.

Because the same way, if you are a gene of God, you're linked to other genes of God. Is a whole cluster of them linked to the prophet in this age. Every elect in this age linked to the prophet. He was the Chief Angel – he was the Chief Theophany for this age. And all our theophanies was together. And if we going back our theophanies wasn't deceived back there.

Give me a little grace, today, I want to read something. There is something that has been happening, but many does not know how to define it, and that's why many people can talk about the

Word, and then live very unconscious to the Word they talking about. But when – when it awakens you – what does the thunders suppose to do? Wake up the sleeping bride. Well, that mean that, people was sleeping – not physical sleep, right? Unconscious, unawakened. Is a waking up – when you wake up you get perceptive. Faith – seven thunders bring what? Faith. *To literally turn your heart back to the faith of your Fathers.*

Faith for rapturing grace. It does what? Show you how to prepare . “If our earthly house of this tabernacle were dissolved, we have a building of God, a house not made with hands, eternal in the heavens.” This what Jesus was talking about “In my Father's house are many mansions, I go to prepare a place for you”. Now look how Paul getting further revelation in what Jesus drop off in seed-form and saying “I have many things to tell you but you can't bear it now,” but then after he give the messenger the age the experience, the messenger of the age could come now and speak in an amplified form. He ain't just come and say, and Jesus say in my Father's house are many mansions. If it were not so, I would have told you. Full stop. And I quoting what Jesus say and leave it right there. It's not my business to understand it, I just say it... no, no, no.

Because he had an experience now, and he had a revelation, and the Spirit was giving further light on this, and the Spirit of God was searching the deep things of God, and he was saying “*Eyes have not seen, ears have not heard, neither have entered into the hearts of men*” But, but, it has been revealed to us. It has been revealed to us – by His Spirit – because the Spirit of God searcheth the deep things of God. So, when Jesus was saying that, only Jesus could remember what was there. Only Jesus could remember the Theophany realm. You understand that?

I start to read for you Old Years' night – I will finish up today. Only Jesus could remember – everybody there is a darkness here (the mind). That's why the most spiritual of us can't even go back

eighteen months. Some of you go back five years. Some of you go back only six, seven years. Some go back three years, four years. They could remember things doing as little children. Beyond that, they can't see. Something dark here (the mind), where I come from? There's a disconnection with every part of your life on earth, much more the part where before you come in flesh.

Like God told Jeremiah, "*Before you were formed in your mother womb, I knew you, and I made you a prophet and I sanctify you.*" God was talking about a part before birth. God was talking about a part in pre-existence. Now God could talk that because God has no darkness on his mind. But God is doing that to Jeremiah to let him know, it's not because you bright in Rabbi school. Is not because your father is a Priest. Is what I have made you! Because I design you and send you in the earth for a work. You understand?

I am saying all of us come that way. There is a knowing – that's why He said, "*You shall know as you were known*". Now, we can know a lot of things, we can know about the churches, we can know about the seals, the trumpets, we can know about the vials, but it have a knowing as you were known. How God know you – how God design you - how God make you up. It take God to tell you that part. And God want to tell you that part, because He say the time's going to come when you shall see through a glass darkly, but then you will see face to face.

You have partial realization here on the earth, but He say in this age, in this age, six trumpets shouted ... He will unite with the living ones, we coming down to the last trump. The Master is here, we will be in union with Him. The whole Book will be open wide before our wondering eyes. We're in a recession, He's moving in our soul with a contact of communication with the Unseen World. He's sensitizing us, He's aligning us and tuning us in on a wavelength – a still small voice start to become distinct - other things have been tuned out, had been focused out – all the worldly

things that clog up the mind and clog up the channel is being blown out. Our reception is clear – no static – signals strong.

Because when you pray, when you walk, when you thinking - you thinking about a next part of you, where you does get your inspiration from. It is being told you that if this earthly house be dissolved, you have one – not will get one - you have one – you have one. Something about you never know about yourself – He's letting you know, because that is important in the Coming of the Lord. Why that have to come in so? Why we did not go beyond the Curtain of Time to see those things? Why? That have to come for the people who going in the Rapture – because it is them going to change dimensions. Is them that going to come into this Rapturing Faith? If they are the ones, that as they near the Headstone, they'll be one with Him. Shew of the mind – the intelligence.

He Himself will come down in a people to show His victory in the last days. He will come down so close to a people that He walk in their feet, speak through their lips, think with their minds, work with their hands, believe with their heart. They'll be one for the marriage. They shall no longer be twain, they shall be one. He start to preach **Oneness, Invisible Union, Uniting Time, Super sign.** Why? **Unity of the One God in the One Church.** Why? Because these things will be spoken to open the way, that God is going to take His people to heaven by His plan and Satan is going to take His people to hell by His plan. God uniting man by His plan, Satan uniting man by his plan – and Satan's plans are always a perversion of God's plan. He have his astronauts here, God has His Spirit astronauts. They are trying to go in the solar system, but God going into the seventh dimension – into the third heaven. It's something that's happening.

How many believe they are going to a Heavenly Church? Maybe you ain't know how and you ain't know when – but it have to have something inside telling you, if you are a Christian and you does hear the Word and read the Word, and something does tell

you, and you have a little observation, you pass by the Anglican Church, I'm not saying anything about these people and so on – but they have things that we could never have here – they have confessed homosexual bishops, and all kind of things, but we can't have that here. The Pentecostal have one preaching all kinds of things – we can't have that here at all. Why? We get a different Word. We call to a different order. Our order is not after denominations. Our order is after an apostolic battle in the Book of Acts. So when we look, we not looking at a denomination , we look at the pattern in the Book of Acts, we look at the Temple that Solomon build that was filled with the Glory of God – because you are what you behold.

You will be changed to what you behold. If you behold an organization you will be changed to that. You behold some worldly woman, Lot's wife; you will be changed into that. You behold Sarah; you will be changed into that. You will be changed in to what you behold. And that's why the whole media is a battle for your mind – what you see and what you hear, and everybody putting out their product trying to get you influenced, because they want to dress you, they want to feed you, they want to give you an image, fighting for your mind. But God also have an image – the stature of a perfect man. God also want to get a hold of your mind. God also want to get into your heart – and I think He has rights because He purchased you with His blood.

“Know ye not that you are the temple of the living God? You are not your own, you were bought with a price.” He have rights. “For in this we groan, earnestly desiring to be clothed upon”. Now catch this is what I've been getting to quoted since last week Sunday. “For in this we earnestly groan desiring...” now this we can all read, “to be clothed up with an house which is from heaven.” But before we can desire to be clothed with this house which is from heaven, we have to be convinced if you have a

house in heaven, and we have to understand how this is a pest house and they have their Father's house.

How in this house we could never have full expression, the life and even the Spirit of God in us, still can't even get full expression in this condition – because there is the law of sin, the flesh always getting tired and weary. There is always something shaking up the atmosphere always getting you irritable and everything else. For the Spirit to get real expression, it will have to be a body without sin.

Now watch – thank God that we have come to the time, and this is one of the things I've been striking, when the angels appeared to Abraham, it was time for the change. When the Master came, and unite with Mary and them, it was time for Lazarus, to be raised. When we come down to Revelation 10, He was coming to Abraham and coming to Martha and Mary and them, in reality here today, with the open Book, the message that is coming is not a message about self-reformation. It's a message of pre-destination. It's a message of – if you're not elected, and you didn't from there you can't go there.

For the reformer age, is everybody trying to make it, and they trying to work their way into it. But when it come down in this day, is that I tell you – Mama Eagle is looking for the eggs that come from her – the others can't go. If you come from there, you going. It start to tell you, you have something inside of you that while you walking round in this life, even before you was a Christian, there is something about you was strange – there was something inside you that was calling out to know this God. And when this God came looking for you, and found you, then, there was a surrender. Now the problem is, some people does think is something to join, so they come, somebody bring them, they come and they join it, and they get institutionalized. And they not relating to pre-destination, not relating to election and calling. This is those He foreknew, is them He pre-destinate; He called - My

sheep will hear My voice. All that the Father hath given {past tense} will come. No man is able to pluck them out of My hand. This is what this is. Just so much names in the Book.

In other words, just so much theophanies. Just so much genes to be linked to those theophanies, and just so much bodies to be glorified. All three linked together. If you looking for glorification that means you convinced of a theophany. If you looking for glorification and you have no theophany, something wrong. You have religious knowledge.

It changes when you know – I have the new birth. Because you know only those who are changed in their soul will be changed in their bodies, and only those who are changed in their bodies will change dimensions. So you can't be looking to change dimension, because to change dimension, you have to get perfect faith. To get perfect faith you have to understand your position and know what He make you in Christ.

But the reason is not complicated. The elect is made that. If when you press the control and the TV don't come on - you have the wrong remote or it need battery, or something. But if it is the right remote for that, when it do so, it going to work, because that is what make for that. God send the message to wake you up, that could wake you up.

The seed is waiting for the right type of water that is given to bring that seed to life. I cannot bring Moses message, because it have no effect. I cannot bring a Baptist message, because it take no effect. It's Bride time – these things are linked together in the thoughts of God. The right people have to hear the right message to manifest the right promises and they have to be in the right age to begin with. God fix these things.

He say in this we groan. Pain does make us groan. Sickness does make us groan. Earnestly desiring to be clothed upon – earnestly desiring to be clothed upon with our house which is from heaven. If so, that being clothed, we shall not be found naked. For

we that are in this tabernacle do groan, being burdened. Not that we would be unclothed. Though it have plenty groaning to be unclothed. Elijah was groaning to be unclothed too. "Oh God, take my life, I can't go on. Kill me and done". God said don't groan to be unclothed, groan to be clothed upon, earnestly desire to be clothed upon with your house from heaven.

The people – what did I read in 1<sup>st</sup> Corinthians? *We shall not all sleep. We shall all be changed.* In other words, we shall not all be unclothed. Some of us will be clothed upon. The only one that could be clothed upon who will not be unclothed is the ones who living in the hour of the Coming. Are we in the Coming? When you see the cloud coming, look up and your redemption draweth nigh? What is that? Is that them thunders coming to give you faith to be changed? He said look at that LIFE Magazine show them seven thunders there? *The Lord descended with a shout* – you understand?

Then the waking up time start. People start to wake up. What was this waking up? A ... at Bro. Branham. From the time he knew that, he was a different man. He walk out the cave and he know I am the servant at supper time. I going and start to make all these other trees bud. I going out there as the Chief Reaper when Naomi going back in the homeland. I going as Eleazar to get a bride – you understand?

He start to understand something about his life. I like Moses get two signs to confirm my Commission. I going down like the Exodus to get the people out of Egypt – to bring them to the place that God prepare for them. Then after that, he start to understand I in my first pull. - My first pull over. I in my second pull. He start to understand time and season. The signs finish to attract they attention -- they getting ready for the message.

He start to understand I already have the opening of the Word – the Spoken Word. He soon as in ..... it have one more part, it going to come to this – to preach to the lost. Now when you come

to know who you are, and you know I am the Bride, I am Rebecca who get call – I am Esther who come in and get introduce to the King – I is Ruth in the field who the Chief Reaper introduce to Boaz, then now you know – I on the threshing floor now. Then you know I get my six measures. You start to know time and season.

You like Rahab – apply the token, because the understanding of this is my security in the hour of judgment, and how to apply it has been open to me through the messages that the spies bring to me. I understand the mystery of atonement, and how it made secure the wrath wouldn't touch me. Could you get them revelations and have fear that you wouldn't make it? The minister will have you in that place. She asked for that. She went and get her family and bring them there because she believe it.

By faith, she perished not with the rest. She received the spies with peace. She saw the results of crossing paths with men who brought the message to her. She didn't meet Joshua to get save. He didn't see the Jordan open and was there when it open up – the seals open up. She just hear. Where is our faith? How does thou relate to the programme of God? - to the plan of God?

Where is this desire? Earnestly. He says we do *earnestly desire not to be unclothed*. How many of us looking to die and not be changed? He could not be talking about himself because he went in the grave. But you know something – they die with that kind of faith.

But that was going to come back in a second cycle, when the next one like Paul knows in the hour of His coming and comes back with the truth and bring it to the ones who is alive and prepared for His Coming. The ones like Enoch, the ones like Elijah, when he opened the mystery and say, “that is you, you going in the rapture “. He say my message does shout already gathering you together, that is the opening of the Seven Seals. And

then come and say, Father, there is a message coming forth , I pray you let the dove lead.

Next message, and I say not next message, next fold of the same message. Because, not until December 4, 1965, he opened, there is a fold before the change still here, and for 35 years, God keep saying, the mystery between the Gentile prophet and the Jewish prophet. You don't find such a quotation in 1200 tapes. But when the mystery opened, God does give language to express it and define it, and that give identification to a people for these last 35 years, and prove he never went beyond the 7<sup>th</sup> verse.

And you don't find he saying, ah not going beyond the seventh verse, but that's an observation. And then God open that all the Bride type come after the one-man scripture. - and the one-man scripture from 1946 to 1965 . That is not written in the message neither. But that's the unwritten part being brought out to tie a people together, to let them know, when they quicken, you have been quicken.

And that's why he don't keep saying and one day the Bride when she come to know who she is....no, no, no – I tell you who I am, a greater than Ruth is here – a greater than Esther is here – a greater than Sarah is here . And they find that that is the continuity in the Bible. And that was when somebody could wave and tell you – Mama, that's me - that's me there. And that was the sign that the darkness started to move – the darkness started to move. I'm coming to it now – ah making the jump here now – the musicians could come, they can help me know that I can't go on.... too long.

Listen to this closely, quick.... Israel and Egypt – He say, “Now you didn't become a Christian just coincidence, because you become a Christian before you was in this world.” Now these are not my words now, I reading his words. I say all what I had to say. I don't want to say no more. I'm finishing the message by reading His words. “You didn't become a Christian just coincidence,

because you become a Christian before you was in this world. Before you were born, God ordained you to be a Christian.

From the Garden of Eden - from before the foundation of the world. Oh you say, is that right, brother? That's the truth. God, before you was ever you knew anything, there was a time that you knew. There was a time when you knew. Your mind is darkened to that now. Your mind is darkened to that now. "You remember when the angelic wars were fought? In Heaven? You could remember it? You can't remember it. You can't remember the first two years of your life – on earth. Something was darkened there. But when the Holy Ghost came to you and gave you new birth and start to teach you the Word. But you was trying to use memory to remember.

The Holy Spirit start to open in the Word and give you something stronger than memory. He is bringing it by faith to you – because memory is a sense of the Spirit. You can even get amnesia, bounce your head and forget. But when it come by faith you can't forget that. It becomes part of the sub-conscience. You build upon the rock of the revelation of the Word. Because faith is super – far beyond reason and imagination. Because that spirit split up when you die – but that soul is eternal life.

Now watch - "There was a time you knew. Your mind is darkened to that now. There's only been one man on earth that knew that He was before – and that was Jesus. He said 'Glorify me Father with the Glory that I had with You before the foundation of the world.' (John 17:5). I read it to you Old Years Night. He interprets this Scripture for us. Jesus said Glorify me Father - you see He was not just praying a prayer. He was not saying something eloquent in prayer. Jesus knew He was there. You know why? He didn't bypass the theophany. He was in the theophany. *In the beginning was the Word, and the Word was with God, and the Word was God, And the Word was made flesh. All things were made by Him.* In that form of the Word, He made all things.

Let me tell you this now – here is one of the parts now that is coming in here – that's when He made man. Not the man in Eden, not that one, the one that was with Michael – the angel – the angelic body – the theophany. That's when He made the theophany. I'll read that for you. You read it too before. But you see, reading it does not mean you know it. Because a little while afterwards you will read something else that seem to contradict it – and then you read something else that seem to contradict something else. And then you have Matt. 28:19 and Acts 2. Then you need revelation now. Because when you reach there now – 3 things that are contradicting you realize what you have is reading and not revelation yet.

Because you know they have the dove tail, and then you have to find out where am I standing, looking at that from. How does that apply? How does that relate? And it will take revelation to make the Word clear. A mystery requires the teaching of the Spirit. - not just comparing scripture with scripture - though that is good. Pray for Revelation – more than... you need it more than your own food. Because there is no prevailing power as the Revelation of the Word. Because when you get revelation of these things, is not revelation – it's not just knowledge – it's power – because you start to know who you are - and what you are. And then you know what you can do – how it works. Listen – He was the incarnate God. He could move back there and know what it was, but our minds are blackened there.

Baptism of the Holy Spirit. Next message. Did not Jesus tell them that they were with Him before the foundation of the world? Your minds are blackened and darkened. We all are to those things. But look how when that Infinity come upon Him and produce the vision. He does see back generations in peoples lives. Like the girls who was wearing the glasses and with the veneral disease coming down from the great great father and it's seen unto

the 3<sup>rd</sup> and 4<sup>th</sup> generations. He said this is because of your grandfather. And, he went back generations.

Listen. Jesus... did not Jesus tell them that they were with Him before the foundations of the world. Your minds are blackened and darkened. We all are to those things. But, we are not just some coincident happening here. We are not just some little coincident happening here. We are sons and daughters of God in the beginning of the creation of God and had been dropped down here for a witness to witness the grace of God that shed abroad in our hearts by the Holy Ghost. We have an eternal Spirit and there is no way to stop it. God's church will be there just as sure as it can be.

*Questions and Answers on Hebrews.* Listen. He's praying, "O God. You are so real to us and we are so happy for it. We pray ye forgive us all for our slothful ways and our stupid ways. And, O just remember us Lord that we are human flesh in a dark world. A world of darkness and sin and chaos. And we are looking through as a veil as it was over our face and we only see and know as we do humanly here. But, someday when that veil's lifted... we'll see you face to face. And, know as we are known. That's the day that we long for."

He said Lord here we are not in the theophany in other words. We are in the sex born body. We come with a spiritual amnesia. We dead in sin and trespasses. Alienated from the life of God. In bondage to the ... Yet there is a gene of eternal life and we don't even know what eternal life is. Yet we have something, but there is no teaching to align us to our theophany that would begin to feel the call. The Strange Call... and like the little eagle... and begin to look up. Like the lily in the dark, torn in the bottom in the midst of all kind of frog and tadpole and eel in that dark murky water. But, something in us, we don't want to stay down there.

The eel not going through nothing. The frog not going through nothing. They all comfortable there. But, that little lily, that seed feeling the rays of the sun pulling it from somewhere. Then, it find

itself on the top of the water and things that it had, all them beautiful colours, all these nice petals start to come forth, all these fragrance start to come forth and she know... I didn't do that... what did that and something start to say, "Look up and lift up your head." And, when she look up and lift up her head she sees the Son coming in glory.

And when you see the Son of man coming in glory... you look up and lift up your head- your redemption will begin to draw nigh. And, things and potentials that you have to become the Word that you never know to become the Word and that you will manifest perfect faith and perfect love will start to come out of you and you will begin to make a quantum leap from being in drugs on the street corner by the hog plum tree ... you heard from your theophany. You begin to feel that strange call in Toruba and you look at the sunset and say soon you will find... because you feel that strange call coming down through... and God giving shadows of evening light. The setting of the sun in the west that was ordained to bring these things. And to approve it was inspiration within a month or two when you was in the message because gift and calling is without repentance.

And, you know what start to come back to me? The day in the old car behind the house when all the turmoil was going on and I come out by the door and I told you (he points at Bro. Sammy) and Bro. Joe ... Bro. Joseph Bernard who's in the hospital right now on his back who is looking up and seeing the blessings of God coming from... crying out for mercy and God is appointive to him.

I say if you... the day you all walk out from this you all are lost as lost can be. Then the next day on the step by your grandmother, when all the Len Hap brothers, Bro. Renson James and they start to laugh at me and I stood up there and they try and tell me, "You have the real... who you trying to play?!"

Because they see my past, I now coming in but, they couldn't see that these other now come in themselves. And, they couldn't

see that. They didn't meet no pillar of fire. And, I had done ask them already how they have no continuity and how they can't get no Word for the season. I had done ask them that already. Their teachers and they try to shut me up, but, it was not me. I didn't know what I was saying. But, this is something that does come out ever so often. And, when that jump out, I to does get scared and walk back and say, you hear what you just said.

But then 35 years of that not failing and there is no thing the human mind can't know. I and all get convinced. Don't look at your mistakes here because Satan would tell you because of your mistakes maybe it would fail or hap or something. But, then against my better judgment, I see, my own fool, I would have been lost myself and crash. But, I see when he.. I the Lord have planted, I the Lord have watered and I am the husbandman that prune the vine. Then it has nothing to do with me.

And, that's what the prophet say, he start to tell somebody that standing here when He want to say something He tells me and sometimes, it's like why You telling me these things? But, then when I look and see who He put under me and that's His children and I know He doesn't tell me these things to help His children, then I'm the wrong person or these children are not His.

So, in there, you learn to know, He said,"*Feed my sheep and feed my lambs.*" Where will I get the food from? I AM the Bread of Life. Someday that veil will be lifted He said. Someday this darkness will leave us and we will start to know as we were known. Someday we will be able to stand up and say, "I know where I come from. I was in the loins of God." Just like my 10 children was in my loins. And, just like each had their time and season to come.

So, God could have brought Isaiah first if He wanted. But, when God thought it out, He said I would start with Adam. He'll come first! I'll give Adam that role. I had to give one of my sons the role of who is going to be the beginning of the 1<sup>st</sup> creation.

And, Adam became God's only created son. Jesus is God's only begotten Son. Adam came without sex. Adam came without coming through a woman. Jesus come through a woman as a baby. Adam come as a full man. Adam come without sex and Jesus come without sex. And, all the rest of us come by sex.

Adam bypassed the theophany by choice. You hear what I am saying? Adam purposely descend into a lower order (he steps down) consciously to bring the children... the way of the animals. Without deception. Because we were in Adam, in Adam we all die. We bypassed the theophany by being in Adam. But, Adam could not be tempted and fall. Adam could not be deceived because Adam was the Spoken Word creation of God. Eve could be tempted and fall because she was a by-product. She was made without a season. She was made so the serpent could get to her. Because it was God's plan that first we'll come to the theophany after we leave this pest house. Though we be influenced by the theophany while we in this pest house.

He said, "You have not yet entered into that body. Death in this body will take you there." But, he say right now, that body is here and is giving us a charge and that perfection is calling you to a perfection... back to wireless and robotics and remote control because in God's thoughts.... He thought of your theophany, your soul and your body is inseparably linked in the eternal thoughts of God. And, you cannot come into glorification if you didn't have that predestinated seed. That...germ of eternal life! You can't come. If you didn't come with 2 natures in one body... if you didn't start off with eternal life you couldn't come to no theophany. You had no theophany to come to. Sex could only bring you in the form we come in. Being born by sex couldn't even bring us in the Word image. We bypass the Word-image and we bypass the Word-body. Because sex couldn't bring faith. Sex could only bring the body. The sperm in the father loins and the egg in the mother womb could only come together through a sexual act.

And, that is a body of 5 senses, an earthly house of this tabernacle being formed. That is not your soul there and even though that body is being formed that soul is not yet expressed into that body until it is born from that womb.

Adam was bringing the bodies, Abel, Seth, Enoch, they were coming by the sperm of the husband and the egg of the wife, in the womb of the wife. They were not coming the way God brought Adam. God brought Adam's body by creation. By the Spoken Word, at the last trump when they come back to earth they not coming back for a sex born body. What they picking up... it sown in weakness, it sown as a sex born body. But, when the theophany come, it is not a sex born body. It goes down with genitals; male genitals and female genitals. Not coming up with that! You understand? It went down never having theophany in that body, but, when it is being raised for the Word image in the Word- body to step into it. It was dark. It was dark. Someday that veil will be lifted.

Hear what he says on *Shalom*...The dawning of a new day between a dying world of corruption and a bright and shining day. When the morning star comes out... when the 7<sup>th</sup> morning begin to break for us to go into the millennium. The man that goes into the millennium is a glorified man. Is a man in theophany in a glorified body going into the millennium. That's the man going into the millennium.

***The Laodicean Church Age.*** He is the true witness. Now this word true is the same word as we had back in Revelation 3:7. You'll recall it does not mean true as in contrast with false. It has a richer deeper meaning by far. It expresses perfect realization in contrast to partial realization. That's why He said, "I AM the True Bread. I AM the True vine, I AM the True Light."

See, now back in the Philadelphia Church Age the coming of the Lord is drawing near. What great love that age manifested for him. it reminds me of those beautiful words of 1<sup>st</sup>. Peter 1:8

*“Whom you having not seen, you love, in whom, though you see him not, yet believing, you rejoice with joy unspeakable and full of glory... with them who rejoice also. Catch this now! We haven’t seen him, but we have felt him. We haven’t seen him, but we have felt him.*

Look at you! We are in His presence here. It’s an influence here. You also in reverence. Because the things you have hold is things that are to be for you. It is defining your future and where this message is taking you. And, that’s why the message you want to hold it in your heart and make it more precious. As the service is coming to a close and like Mary you want to go home and ponder these things because if you are 20, you will remember maybe 17 or 16 of your years. But, here, in this Word this morning, you remembering even before you come in this body.

He said that it had a time where you knew it, but it’s gone from you, coming by sex, it gone from you. But, Jesus could say, “Father the glory I had with you,” “And, these who you had given me.” Because He knew back there, Satan couldn’t take them away from Him because they were given to Him by the Father. And, He who were the Bright and Morning Star; the Michael who fought there (that dimension) had come down here (this dimension).

Listen! Because they ask him... if I could read it, I’ll make it quicker for you. So, Bro. Branham tell us about each one angel. 1961 after he come from behind the curtain of time. He say, “Hear how I does explain that.” I read it for you many times in the past, but here... I’m quoting it again. He say, “Hear how I does explain that.” He said that has not been revealed to the sons of men yet. But, I know because I was there and I saw them. And, he goes into Peter when they say, “Maybe it’s Peter’s angel.” He says and you see and he quotes 2<sup>nd</sup>. Corinthians 5 let me quote it for you, *“If this earthly house of this tabernacle be dissolved. We have another one.”* Because they thought Peter was killed like James. And Peter died and Peter came by the door.

But watch. One day it's going to be made clear. He say, "We haven't seen him. We have felt him. We know him now. As much as our limiting senses can let us, but, one day it will be face to face. That is for this age! He is coming at the end of this age. As the end of this age we are expecting a messenger to come; he will do two things. And in his time, that Mighty Angel of Revelation 10 will come down in the days when that earthly angel is on the earth. Like Isaac had to come - when Eliezer was on the earth with the Bride. Like Boaz had to come - when the chief reaper was there with Ruth. Like the headstone had to come - when the House of God is built up and, Zerubbabel is there to introduce the headstone.

Like between the 6<sup>th</sup> and 7<sup>th</sup> trumpet when Vashti was rejected and Ahaseurus have to come and take the headship over Esther when Mordecai is there and raise up the Bride. He is coming at the end of this age. Partial realization would be made perfect realization – complete realization. We have been looking through a glass darkly, but, soon it would be face to face.

We have been going from glory to glory, but, soon it would be right in the glory. Look at him. He is the messenger at the end of the age. He is the one the angel comes to with the thunders. He is the one who had the 7<sup>th</sup> Seal book and he him saying here, he say this age we are coming to know it. This age the darkness is going to go. This age the veil is going to be lifted. This age in the coming... He is the very One in **The Rapture** tell us the shout which was my message, the Lord Himself descending.

We 44 years, after the going of the prophet, here now and in this church. He say out of the ages come the seals, out of the seals come the trumpets, out of the trumpets come the vials until the whole book is opened wide before your wondering eyes. And, we are edified and purified by Spirit- is made ready. Our partial realization would become a PERFECT realization.

He who said, "I am waiting to see all the mysteries to be opened. He had to open the secret of who is this Melchizedec, to

let us know, what we really are. This is not us. We are here in the negative in the testing ground. We have brothers and sisters, maybe a hundred and more who sat with us over these years. But is gathered there. We are singing this morning, "That mansion prepared for me." Written right here among us by one of our brothers who is there... still singing and still writing because death doesn't change his nature. What he is here- he is there.

I have deacons there who used to exhort in the church. Who held this mystery with a pure conscience. Who reiterated these things. Who died in faith believing that this come from God. Who left churches... was persecuted, ridiculed... the way they leave to come and walk in this. That is there! We had brothers who was dying, and standing there and confessing this Word, their foot swell this big.

We had brothers, like Bro. Willie, who left all work when the Word went to Barataria and he understood what it was, after they come down in South that day 1980 in the house. And, we went down to Barataria and start to preach and he dropped everything to take care of the things; so I can give myself to the ministry of the Word and prayer.

So, this is not a kind of play thing, this is what we are a talking about. And most of them who was there; they went out on the field - United States, Canada, going with the Word. Why? Because they believe it was a Word. "When they sing, I have heard but now I see. A promise to you and me. We come through thick and thin. We have labored to enter in." And, they would sing the songs.

When we was in Guyana when the place... the glory of God came out and filled the place. And, even some of the ministers ran out the building looking... they thought somebody was setting a fire under the building. And, they didn't see any fire and they didn't see any natural smoke under the building... preaching out of Isaiah 6. That night, I stand up and see something coming up from behind here (behind himself).

Sis. Mary and them, Sis. Pearl Phillips and them who testified of seeing the angel of the Lord. Many may have seen it in this church. In the form of a man. In the form of light. With their own eyes sitting there - even little children and all because we are moving into a place. And you know the real thing down through the years – it's the Word. The light just keep getting brighter and brighter.

Man could say, "I ain't believe. That person have optical illusion." When these things start to come out of the Word... who could say it's optical illusion? Because the scripture testifies of itself. This is the tie-post, but those other things accompany it.

We have been looking through a glass dark, but soon will be face to face. We have been going from glory to glory but soon will be right into glory. One day, we will be changed in the atoms, we will put on immortality, we will be all swallowed up in Life. He is quoting these two scriptures. Where the mortal would put on immortality and where we are not to be unclothed, but mortality swallowed up in life.

1 Corinthians 15 and 2 Corinthians 5 where I read for you. Then we will realize realization. **Who is this Melchizedec?** Listen. He says what? **Questions and Answers on Hebrews**, he said, someday that veil would be lifted, you will see, face to face as you will know as you are known. That's the day we long for.

**Laodicean Church Age.** He say one day we will see him face to face. That is this age! He is coming at the end of the age. **Who is this Melchizedec?** He was talking about Samuel when he came back to Saul there. He was still a prophet though he was gone from this body. See? When he come there and he was part of that Word. He entered from the flesh life back into the body that had been prepared for him before the foundation of the world. See when that body was prepared? Before the foundation of the world. That is what I does be talking about.

He entered in to that theophany – which was the Word. You get it? That's where all believers go when we turn from here. Then, in that form... then in that form, the veil is then lifted. You see, you are the Word also. When you enter there. He called it- Complete Realization.

Partial realization becoming complete realization. God lifts the veil and your partial realization is being made perfect realization. As God begin to break these seals on the book of your life and you begin to know as you were known. The first thing he knew... I am not the son of Charles and Ella Branham.

In other words, a knowing from the first birth and knowing from the body and you identify with a physical identification to a you who didn't come from your father and mother. To a you, that it takes scripture and it takes the characteristic of God in that life to identify you! To make you a matching piece... to make your life and the scripture start to dovetail.

What has been this revelation of seeing yourself in the Word, of knowing you are part of the Word. Does that start to take the veil off? Does that start to break the Seals on the Book on your life? Does that start to make you understand what God make you in Christ? That does start to teach you your position? Does that start to reveal to you your name in the Lamb Book? Does that start to let you know you are a attribute son and daughter of God?

Does that start to... know your theophany? Does that start to bring you to a place where you get hidden communication (in your heart)? You know you are receiving, but you start o understand now where you are receiving now. And, why you can receive. And, by what you are receiving. You are reflecting what you are in another world. He says if you are vulgar and carnal minded here and lustful it shows that you have nobody there (in heaven). You are reflecting from beneath. It shows what you are in the spirit world. That God isn't your Father. He says but it's evening time

and we are fixing... *that this earthly tabernacle is fixing to be dissolve.* And we are preparing to enter into the heavenly.

Jesus start to open up the place he went to prepare and how is going to bring us into the prepared place. Paul says, "I have seen the place. It's now revealed." In Exodus, God shows how he bring the people he called out of the system- into the place He prepared for them. How they journey under the message of the prophet. How they come in and they take their place. How He had a place... a specific place tied to their birth that they have to come into.

That tells you- somebody thought of you! Somebody made you what you are. Don't never be ashamed because you love the Word. Because that is one of your greatest signs. You come from Him!

Don't never make somebody feel you are not a real Christian and you are wondering because when this world becomes atomic ashes and this world is passed away under the fire. Like Sodom pass away under the fire.

Like Sarah who saw the angels coming from another world – theophany ... coming and a new name from the thoughts of God revealing God's plan for her in that age. And the angel when he came he came specifically. He says, "Where is Sarah?"

Everything is supposed to be ready in a few days. Abraham may look ready. Sarah ain't look ready yet. But to come... in this visitation, I am going to get her prepared because she has to be made ready because this promise can't happen without her being made ready.

I have some dunamis for her. He has something for you. Do you want to receive it? Something in your heart tell you you come from God and you are going back there. Maybe your mother ain't know what coming. Maybe after you get the ultrasound. The 1<sup>st</sup> and 2<sup>nd</sup> one can't say what you is. Maybe by the time when you see a 3<sup>rd</sup> one – where they get some better view and they kinda say, "Yea! It's a boy!"

Maybe they finding out there...but, that's where God knows you? No! No! Way before that. When God in His great laboratory was saying which sperm to stop at which egg. Making your birth more mysterious than the virgin birth. The natural birth. Because he say, "Which one of you without taking thought could add one cubit to your stature."

He design you what you are. You come by design. You come with intention and purpose according to His plan. He allots how much days you are going to have. He knows which age is going to bring you... He designs you for a certain role and function in His body. He equip you with certain gifts and talents to be a blessing to His kingdom that you will not be excess baggage. You will not be just something carried along. You are an integral part of His body. And, this morning, he wants to come into your life in a little greater way.

As 2008 went out. And, 2009 start to break. He dropped down to say, "**Feeling That Strange Call.**" These **Things That Are To Be.** This place... in other words, I want you to know, I want to talk to you about you. They way I know you. You... I will make known to you as I know you. You shall know as you were known by me. And, when I reveal to you what you are and how I made you. You will see how certain your life is. And, you life that look like mistakes and failures and Satan want to bring a hangover and guilt and doubt for your mistakes... I want to show you- that isn't even the real you yet.

Because when the real you... I quicken that seed... then all of those things that you fear as mistake goes. Because that is the life you used to live. The life I live now in the flesh. It's not that I that live, but, it's Christ that lives in me. We walk after the course of the world, the prince and power of the air. We were children of disobedience. Children of wrath by nature, but, God rich in mercy had quickened us and raised us up into heavenly places. When you start to come there ... "we who were dead, hath been made alive."

We were free from sin. Sin shall have no more dominion over you. Hallelujah!

And you were delivered after this form of doctrine. You were free from sin after this form of doctrine was delivered unto you. And, this form of doctrine hath been delivered to free you from sin because that soul has never sinned in the first place. That soul, that gene, the real you- God's thoughts can't sin! It can only believe.

That first husband that nature come by sex. That is the one. That is the tormentor. That is your tormentor. This circumcision that He gave to Abraham a year before the promise ... that circumcision He gave to Abraham ... it move it from the Book of Life to the Lamb's section. The new name, the nature had to come with circumcision on the 8<sup>th</sup> day. And, then a whole world open... this time next year. Sarah delivered the son. He break into a next place. Don' call your wife Sarai no more start to call her Sarah now. What a place.

If that knife could pass here and take people out of the old nature. You know what could happen here? In this church? He can't call you Sarai no more. He can't... He won't be able to call you Sarai no more. How many want to laugh at the promise thinking it can't happen. How many want to laugh and say, "The rapture could happen? Soon I'll be changed? We moving into that now? I believe the recession part. Yes! But, the changing part?" The two go together. The two go together. You believe?

Let's stand to our feet. If you believe in your heart sincerely. Let's be as believers now, right? We talked some very sacred things. There is much more we can say. While you stand there with your heads bow. Think of what I was saying about remote and wireless and how one part visible here and the next part invisible, but, yet because they are linked together in the thoughts of God... you can't enter into somebody else theophany and somebody else theophany can't come and charge you. That doesn't work so. God's plan not mixing.

Even the manufacturers of these appliances don't make it so. They make this to work with this. That soul in you ... God will defeat His purpose if He put His gene of life in you and you have no theophany. If there is no theophany ... it's vain to look for this body to be changed in a moment, in a twinkling of an eye.

Start to think about it. There is a part of you. A part of you that have to do with your change in the rapture. Your theophany has to do with your change in the rapture. And, your change to go into the next dimension to escape the judgment of this going to be on this earth. To be in the marriage supper of the Lamb. To be in the millennium. You have one right now. You might have felt the influence so many times, but you might have said, "That's my mind or I get a feeling." Because your knowledge of it is so limited. You couldn't say what it is.

But, you are starting to realize the same way that remote talks to that TV. Makes it change channel. Makes it change colour. It can make it mute. It can do... it has so much of commands over it, and the one who holds the remote in his hand could make that television perform a variety of commands; that theophany is linked to God. It has never been linked to Satan. This body has been linked to Satan. That's why Satan can get to this body. That human spirit... he has access to the human spirit. But, he has no access to that theophany.

And, the God who holds that theophany like one who holds the remote. He can make you here... carry out a variety of commands. Like Jacob said put your hand on my thigh and swear... you are going to bury me in Canaan. Like Joseph, "Don't leave my bones here, take it out with you!" They were receiving something from another realm when it was communicated to them they made preparations because they knew there was a resurrection coming.

Abraham bought a place. His revelation move him there when he saw Job. All along through life. All along through the ages, it has been like that. If we are planning to go there, shouldn't our

thoughts be there? If people are planning to store up food and buy food and save some money and put aside something because they are seeing the circumstances. Then, if they also believe they are going shouldn't they be preparing to go to.

I want to invite Bro. Sammy to come and pray. And, you in your heart, I want you to believe. Ask God; take your soul into a place that you would not live and walk by sight anymore. The things that are seen are temporal. The man who walks by sight, he looks to the temporal things, but, the things that are not seen are eternal.

You don't let trials and testing throw you out of channel. That's the light afflictions that are for a moment. Though the outward man perish, the inward man is renewed day by day. We walk by faith and not by sight. We who are quickened are been moved out of the humanistic realm. As Peter say, "We have an inheritance incorruptible and undefiled, reserved in Heaven for us." They begin to understand what was influencing them in their life that way. Look at... I talk about the female dog and the male dog; we talked about the duck the other day, that's like wireless. The duck picking up the influence of the cold breeze. The dog hearing the voice of the other dog. And it has an impact, an effect and an influence upon each other. Though they are not visible, but, hearing the call. It is in so many places we are seeing these things. That's why we know it's true. It testifies.

In nature, in the Word of God, in the examples in the Bible even in technology and science. We see these things. Then how much we can believe that theophany is here. Not twenty feet from where we stand. All the saints that have gone on... loved ones that will reappear. Why should we doubt that? We'll see them again. Hallelujah! Because we see the junction of time we have come to.

Ask God. Let Him engrave it in your heart today. Tune in. Let us link up one to the other and together with the Holy Spirit. Knowing that they are there gathered all around this morning

maybe in the service. Those who have gone on. Because the same way they know that we will be coming; we are fixing to come back to. That's why we can feel the things we feel. Things that are to be. Things that are to be.

May God drop some of the "infinity" as the prophet called. That we can recognize what He is doing for us. Hallelujah! Hallelujah! Thank you, Lord. Bro. Sammy prays.

Amen! Oh My! Can you feel that... those that you see and you love and you know sometimes, you don't know why you love them like that? Why you are attracted to each other like that? You see a believer, something you admire, something genuine, something that stands out. Something that glorifies Christ in a life. Can you think that that's how it is over there? And that's why it is... they getting...they become so aligned... they are reflecting that.

And the more you see the negative being swallowed up by the positive there and it's because you and they are on that side. And, that's why you are here pressing. That's why you enjoy a real friendship with each other sometimes. And, it seems like... you know... that there is something divine. Nothing carnal, nothing selfish. Amen!

Because it's like that on the other side. There is something real. He says, "Hope was coming running. I thought she was going to say my precious husband. He said them other sisters were coming. Them sisters were hugging him. Hope was hugging him. And there was nothing because it was Word fellowshiping with Word. Amen!

It had nothing like, "My husband and move aside. And I was who first... No!" It was just all the Word. It was just Word. Why don't you turn around and shake a real hand. Hug your brother and your sister and tell them God bless them. Something so genuine. Something so real. That you know there is something sweet. Something lovely. You want to pray for them. You want to see God bless them. When you see them struggling... you see them

going through a hard time. Something there make you want to get on your knees and pray for them because you love them and you want to see them succeed. You want to see them do well. Amen!

You want to see something genuine. May we get to open up and let this come in and move among us by the grace... if you want to get out of your row and walk over to another brother or sister. Say God bless you, pilgrim. Amen! Hallelujah! Glory Be To God! That's the way by God's grace. Amen! Can't you hear your theophany calling you? It's about home time.

Let this dawning of a new day, friends. This New Year that we have come into. Let it become real. Let it come down. Let's pull this down in our midst. Let's not leave it just above us. Let's pull it down in our midst. Let's see it spread out and begin to engulf us inside this place by the grace of God. God bless you! Amen!

Bro. Vin leaves the pulpit.

Church sings, "Can't you hear your theophany calling you."
